The News.

We have the cheering news to-day of the capture of Wilmington by our forces. Thus has fallen into our hands the rest of the rebels' seaports. While we have reason to regard it as a very important success, we have no doubt the rebel press will, Toots like, assert that "it is of no consequence."

Gentlemen engaged in the cotton trade in the Gulf States just arrived, state that the evacuation of Mobile commenced on January 4th, and that most of the cotton has been shipped to points further North. When they left, a large force under Gen. Granger was moving on the city. The harbor fortifications have all been abandoned by the rebels, and the only difficulty in the way of our fleet taking possession of the place is the torpedoes and other obstructions in the river, which are being removed as rapidly as possible.

The story of a disaster to Grant was made of a very poor article of Philadelphia rumor.

It will be seen by extracts from rebel papers that our forces are crowding the enemy at all points, and in view of this state of things their Congress has been compelled to pass a bill for the arming of 200,000 blacks. Another evidence of their distress and madness.

A CORRESPONDENT with Gen. Thomas' army, writing from Gen. Smith's division, says: "While the commissary department is worthy of all praise, it has certainly developed a strange feature in the way of rations. That is, the army of Gen. Smith, after going through the fight at Nashville, marching over the country to this garden spot, are furnished with rations of forage! Be it known, that for six days the detachment of the Army of the Tennessee subsisted on corn in the ear; it is they (the boys) were quite jolly, and appeared grieved when informed that cheaper oats could not be furnished them."

IT will be recollected that the old Supreme Court of Indiana, Judge Perkins presiding, in October last, rendered a decision which, while pronouncing the national legal tender law unconstitutional, affirmed its constitutionality on grounds of expediency. Afterward, the Court, urged by the Democratic journals, concluded to reconsider its strange action, and continued the case. The new court, on Thursday last, decided the matter over again, holding that the legal tender law is constitutional, and confirming Judge Perkins' first action in sustaining it *de facto*.

PITEOUS.—The clerks of the Richmond Departments have made a piteous appeal to the Confederate Senate for more pay. In their address they say:

"The present compensation does not shelter and feed them. Many have families. They live on two meals a day, in garrets, cellars, and in shanties out in the suburbs. With the strictest economy they can barely procure a sufficiency of bread to sustain life. One gentleman, wealthy before the war, a refugee and a pauper since, with a family of eleven, has not tasted meat in four months. Coffee, tea, sugar, delicacies or luxuries they have neither in health nor in sickness. They cannot buy clothes, nor shoes, nor hats. Even in the event of death the last office of earth would depend upon charity."

GENERAL GRANT'S POLICY.—The *Army and Navy Journal* calls attention to one feature of General Grant's military policy, which is having a most remarkable illustration during the present winter:

"There is constant necessity of pushing the advantage we have, of 'keeping the ball of victory rolling,' of holding our steady strain upon the rebellion, without a single respite or relaxation. Such is General Grant's policy. He seems to have dropped the words 'winter quarters' out of his 'dictionary of military terms.' It was predicted when the May campaign opened that it would be the last campaign of the war—and when has it been suspended?"

GENERAL Alexander Schemmelfinning is the officer who first entered Charleston The name is against the hero. People will find it difficult to repeat it very often. But he is said to be an excellent officer, a Prussian by birth and education—a thorough military man, who entered the United States service as Colonel of a Pennsylvania regiment at the breaking out of the war, and was commissioned as a Brigadier General in 1862, for gallantry. He commands a brigade in what is now known as Foster's army, which has been operating below Charleston for some months past.

AT a fair held recently in San Francisco for the benefit of the Christian Commission, an exquisite imitation of a goose-quill pen, of pure gold, with a row of diamonds on the stem, was presented, and it was voted to President Lincoln by those who paid a certain sum, a large addition to the funds of the Commission being thereby obtained. It has been sent on to Mr. George H. Stewart, President of the Christian Commission, by whom it is to be forwarded to the President.

THE news of the evacuation of Charleston, and its occupation by our forces, was received with much enthusiasm by both the Ohio and Indiana Legislatures. At Columbus, the House gave free utterance to the joy the good news inspired, cheered, shouted, and sang "John Brown" and "Rally round the Flag," members, messenger boys and spectators, both civil and military, joining in the chorus.

State News

The Oconto *Lumberman* of the 17th says we learn that many of the jobbers are sending gangs of men into the woods to enable them to put in a larger number of logs between now and "break up camp" than ever before. The demand for lumber has helped the lumber business very much during the past year.——At Peshtigo, on Friday last, a daughter of Mr. Anson Place was severely burned, her clothes taking fire from the stove. Mrs. Place badly burned her hands in saving her child. Both are now doing well. A day or two ago a son of Mr. Jacob Place, of Peshtigo, while playing around a corn shelling machine had his right hand badly lacerated and it was feared amputation would have to take place, but he is now doing well, and the thumb will be saved.——The Oconto *Pioneer* learns that a large fire occurred at Stiles on the evening of the 20th inst., resulting in the destruction of Anson Eldred's grist, shingle and old water mills. Loss about $50,000. We have not learned the particulars.——The Editor of the Waukesha *Freeman* has paid a visit to the Reform School and expresses himself as eminently well pleased with what he saw. He says it is accomplishing untold good in saving from utter ruin the youth sent there for reformation.——The Green Bay *Advocate* speaking of enlisting in that district says never since the breaking out of the war have men come forward faster.——The Beaver Dam *Citizen* says the big boys in the public school at that place attempted to break up the public schools, and were expelled by the Board of education. Served them right. Also that last Saturday night a jolly, frolicsome party went sliding on a pond near College avenue, and George Boylan fell on his face, smashing his nose so that the bones protruded through the flesh. A terribly painful hurt.

Joe. Johnston's Report.

The report of the rebel General Joe Johnston of the operation of the army under his command, in the retreat from Dalton to Atlanta, was published by order of the Rebel Congress, in direct opposition, as stated in the Richmond *Examiner*, to the wishes of Jeff. Davis, who desired to suppress it.

The following is a summary of some of its most important points:

On the last day of 1863 the effective force of his army at Dalton amounted to 36,325 infantry and artillery, and 5,613 cavalry. A portion of this force was sent in January, 1864, to oppose Sherman in Mississippi. In February, Bragg, as commander-in-chief at Richmond, sketched an offensive campaign for Johnston, but it was found impossible to give him the number of men necessary to the movement. When the campaign was opened, May 1, 1864, by Sherman, Johnston's effective force numbered 40,000 infantry and artillery, and 4,000 cavalry. He was subsequently reinforced by Loring's and French's divisions of Polk's corps, making his total force during the campaign, subsequently to the battle of Resaca, about 60,000 men.

On the morning of May 9, when McPherson's army appeared in front of Resaca, it was held by only 2,200 men, dismounted cavalry under Wheeler. It was not until the 10th that that place was reinforced by Hood's corps and Loring's division of Polk's corps. Johnston states that he crossed the Etowah River on the representations and recommendations of Polk and Hood, and says it was a step he has regretted ever since. The rebel loss in the battle of New Hope Church, May 27th, was 450.

In the assault on Kennesaw Mountain, in which Gen. Harker of our army was killed, the rebels lost 200 killed, wounded and missing. The losses of the campaign foot up 10,000 killed and wounded, and 4,700 from all other causes, not including the cavalry loss, which was unknown. The effective force of the army as transferred to Hood was 45,000 infantry and artillery and 10,000 cavalry.

Johnston states that he planned the battle of Peach Tree Creek, and the flank attack on the Army of the Tennessee, in which McPherson was killed. He also claims that he intended holding Atlanta. There are several hits at Bragg.

Among other opinions given is one expressed by Bragg, in which Joe Johnston concurred, that Sherman's army was larger than Grant's. He alludes to the Union army as the United States army, and maintains a dignified style throughout.

The Rebel Fleet at Richmond.

The New York *Tribune's* correspondent with the Army of the James mentions the desertion into our lines of a young rebel Lieutenant, an aid on the staff of Lieutenant Col. Robert D. Minor, commanding the Navy and Ordnance Department at Richmond. The young officer had been running men into our lines for some time, but was exposed by the confession of a deserter who had been recaptured. He was arrested, and while being temporarily held to give him an opportunity to establish his innocence, knowing that he would be sent to Castle Thunder to await execution, he bribed his guard, and, with his wife, succeeded in reaching our lines. He states that negroes and others have, during the past six months, amassed large fortunes in the hazardous business of running men through the rebel lines. In the capacity of aid he had frequently visited the rebel flotilla in the James, and at the time of the late raid was on board the Virginia, which he represents as by far the most formidable vessel of the fleet being coated with eleven inches of iron plating, and carrying eight guns, one of which carries an 18 and another a 14-inch shot. He states that the new ram Jeff Davis is nearly finished, and that when he left Richmond she was receiving her armament of fourteen heavy guns. Although she is the largest of the rebel rams, he regards the *Virginia* as the most effective vessel in the rebel navy, owing to the caliber of her guns, and thickness of her plating. The pirate Semmes, now commanding the *Virginia*, is spoken of as the Commander of the *Jeff. Davis*, when ready for service. He is firmly in the belief that the rams will visit our fleet again at an early day, and thinks the *Virginia* capable of demolishing any vessel of our navy, the Ironsides included. All the naval machinery in Richmond has been sent to Selma and other points south, and he thinks the evacuation of Richmond, within sixty days, highly probable.

OFFICIAL BULLETIN.

War Department, Washington, Feb. 24, 9 a. m.—*Maj. Gen. Dix:*—Dispatches just received announce that Wilmington is in possession of our troops.

E. M. STANTON, Sec'y of War.

FROM WILMINGTON.

Washington, Feb. 24.—The Navy Department has just received the following:

U. S. Flag Ship *Malvern*, Cape Fear River, Feb 22d, *via* Ft. Monroe, Feb. 24.—*To Hon. Gideon Wells, Sec'y of Navy:*—I have the honor to inform you that Wilmington is in the possession of our troops. DAVID D. PORTER, Rear Admiral.

Washington, Feb. 24.—Gen. Schofield makes the following report:

Fort Anderson, Feb. 19, 1865.—*To Lieut. Gen. Grant, City Point:*—GENERAL:—I have the honor to report the success of our operations against Fort Anderson and adjacent works on both sides of Cape Fear river yesterday. While the guns maintained a heavy fire on Fort Anderson I pressed the enemy on both sides of the river, and sent a force under Gen. Cox about sixteen miles around the swamp to turn the enemy's right. This force made its way along a narrow defile between two swamps, and completely turned the enemy's position. As soon as the movement became known to the enemy, he abandoned his works and retreated towards Wilmington. We captured ten guns uninjured, and a considerable amount of ammunition. We have about fifty prisoners. The loss in killed and wounded is small on either side. Our troops are pursuing the enemy and the gunboats are moving up the river. Fort Anderson and its collateral works are very strong and rendered almost inaccessible by swamps. A small force could have held them until the supplies were exhausted.

My information is that the rebels have a line of defense behind Tom Creek, where they propose to make a stand. If so it can probably be but a short one.

I am, General, very respectfully your obedient servant, (signed)

J. M. SCHOFIELD, Major General commanding.

FROM WASHINGTON.

NEW YORK, Feb. 23.—The Philadelphia *Press* reports that the story that Sherman's army had suffered defeat, was based on rumors in Washington last night.

Washington, Feb. 23.—The House passed the bill providing for the forfeiture of the fee of rebel landholders.

The House passed the bill extending the provisions of the act of 1813 to the mackerel fisheries.

In the Senate, Wiley for the War Committee, reported adversely on the petitions to increase the pay of chaplains.

Washington, Feb. 23.—Commander Trenchard of the United States steamer *Rhode Island* telegraphs to the War Department from Hampton Roads this morning, that our troops were within four miles of Wilmington; heavy firing was heard, and our troops were advancing rapidly.

Information from the Army of the Potomac, states that the army was in great glee over the capture of Charleston. They begin to see in the evacuation of that stronghold that the end of their labor draws nigh. A shotted salute was fired throughout the whole line, in honor of the event.

New York, Feb. 23.—The *Commercial's* Washington special says no apprehensions exist there about Sherman; as Grant will keep Lee fully occupied in defending Richmond.

An effort will be made in the Senate, to restore the tax on sales.

The *Post's* special says it is probable a new measure will be adopted in behalf of the Freedmen, which will put them under the care of the War Department, and will also extend its benefits to white refugees.

The immediate nomination of Mr. McCulloch as Secretary of the Treasury is looked for.

FROM SHERIDAN'S ARMY.

New York, Feb. 24.—According to the *Herald's* correspondent the surprise of a detachment of Sheridan's cavalry by a party of Moseby's guerrillas in Ashley's Gap on Sunday last, proves not to have been so disastrous as was at first supposed. Forty of the ninety men at the time reported captured having eluded the rebels and since succeeded in effecting their return to the command.

FROM SAVANNAH.

New York, Feb. 23.—The Savannah correspondent of the *Commercial* states that stories of the Union sentiment there, are all bosh, and that the large number of steamers sent there from New York, and Boston, were one sixth for free distribution, the remainder was sold on account of owners and certain privileged merchants.

FROM THE SOUTH.

New York, Feb. 23.—The Richmond *Dispatch* of the 21st says, "On Thursday night, the 16th, our forces evacuated Charleston. It is believed the enemy took possession next day. Many guns must have been abandoned, but it is consoling to know that the Yankees got little else. There was no cotton to gladden Lincoln's heart and the city itself was little better than a deserted ruin. Several telegraph operators of Northern birth remained to relieve the Yankees. The evacuation of Charleston should rather inspire cheerfulness than gloom. Sherman can only be checked by immediate concentration in front of all our troops both in North and South Carolina. If this is done and his present expedition broken, he can be prevented from reaching Richmond. We know that Sherman has four full army corps and a strong force of cavalry, each corps numbering not less than 12,600.

After mentioning the fact that two columns were moving from Newbern to cut the Wilmington & Danville Railroad, the *Dispatch* says we fear there is much truth in the statements that the enemy has been concentrating at Newbern. It is reported that a large cavalry force is advancing on Salisbury from East Tennessee, but it is not credited.

All is quiet before Richmond and Petersburg. Grant congratulates himself on holding Lee there while Sherman is turned loose in the Carolinas.

Rosseau and Lomax have been confirmed Major Generals of cavalry.

Every thing is quiet south of the James. Grant is evidently anxiously awaiting the results of Sherman's adventure.

While the War Department could furnish us nothing on the subject, it is truly believed that Charleston, the cradle of secession, the very nest of rebellion has been evacuated by our troops. Sherman by his bold advance has thus accomplished without blood what Dupont, Dahlgren, Gilmore, & Co. have vainly attempted, though aided by the combined force of Yankeedom. This ill fated city or rather remnant of it, will now experience to its full extent the mercy and magnanimity of Yankees. The *Mercury* moved its quarters several weeks ago in anticipation of this sad result.

Goldsboro, Feb. 19.—A Yankee force from Newbern, 500 strong, have passed through Greensville, and when last heard from they were advancing on Tarboro. Gen. Baker is after them. Another party is reported coming up the south side of the Neuse, but this needs confirmation. No trouble is anticipated.

Philadelphia, Feb. 23.—The *Evening Telegraph* has the following special dispatch:

Washington, Feb. 23.—The Richmond papers of Tuesday say that Sherman is pushing rapidly north for Charlotte, Salisbury, Greensboro and Danville, and thence to join Grant in an attack on Richmond. Unless Sherman is soon checked, he cannot be stopped at all.

A telegram from Goldsboro of the 19th inst., says a Union force has set out from Newbern for Tarboro, to cut the railroad from Wilmington to Richmond, and that another force was moving upon the south side of the Neuse river to cut the same road. A Yankee force is also reported moving east from Tennessee. The whole tone of the rebel papers is despondent.

The rebel House of Representatives on Monday passed a bill to arm 200,000 negroes. The same bill would pass the Senate in secret session on Tuesday.

The rebels seem to boast considerably that they have burnt the cotton at Charleston, to keep it out of our hands.

Information received here, coming through rebel sources, is to the effect that Wilmington was occupied by our forces on Sunday last, the rebels moving toward Raleigh.

NEW YORK, Feb. 24.—Gov. Vance, of North Carolina, has issued a war proclamation in which he declares that the struggle for freedom shall never be given up. He prayerfully entreats the people to rise, and says that all the disasters the South is suffering, are caused by the soldiers being absent without leave.

The Richmond *Whig* of the 21st says it does not know where or when Beauregard will give Sherman battle, but if the latter continues to march towards Richmond, he marches to his doom. Beauregard is Sherman's master in all the arts of strategy and tactics. He will retreat when proper, and fight when proper.

The *Examiner* agrees that Richmond is more safe now than in May last when Grant was moving and there was so much excitement in the city. It says it is true they have not as many troops now, but neither have the federals, by a great deal.

The *Sentinel* of the 21st learns that Gen. Roddy has successfully encountered the federals several times in northern Alabama, and succeeded in driving them inside their fortifications around Decatur.

New York, Feb. 24.—The Richmond *Examiner* says: We have by telegraph a confirmation of the report we gave yesterday of a cavalry raid in the direction of Tarboro, North Carolina; also a renewal of a movement of the enemy up the south side of the Neuse.

It is supposed that Foster's forces or a considerable force of them, have moved up to Newbern, to operate from there, probably upon the Wilmington & Weldon road. There is no doubt of the landing of troops at Newbern, and the reenforcement of Terry at Wilmington. Both are to aid or co-operate with Sherman.

The Richmond *Examiner* of the 20th says: "We have distinct confirmation of the report of the movement of part of Gen. Thomas' force. It consists almost entirely of mounted infantry and cavalry. His work is to open the Alabama river from the mouth to the source, involving the capture of Mobile, Selma and Montgomery, and the capture of Columbus, Ga., for the destruction of the machine shops there and the destruction of railways through central Alabama, and the Mobile & Ohio Railroad from Corinth southward."

The *Whig* of the 20th in an editoral on arming negroes says:

"The proposition has gained favor rapidly of late, and promises to be adopted. So far from exciting repugnance in the army, as at first apprehended, it has been called for by many regiments, and is advised by nearly all the principle officers."

A prominent officer of the rebel army writes to the *Whig*:

"The enemy has taught us an important lesson. He has caused the negro to fight as well, if not better, than white troops. Our prisoners declare they are the best soldiers, and most thoroughly drilled of the Union troops. I myself have seen them work under fire when white men could not be kept."

The *Dispatch* says: "The last Columbia papers received estimate Sherman's force at 55,000 men. Sherman enforces strict discipline and punishes with the utmost severity, any of his troops who are guilty of outrages upon citizens. We will not venture the prediction where our troops will make a determined stand. We feel assured that Beauregard will let slip no opportunity which may present itself of striking the enemy a telling blow, and believe he will risk much upon such a chance."

The *Whig* says the Danville and Greensboro Railroad is working finely.

FROM GRANT'S ARMY

BALTIMORE, Feb. 23.—The Baltimore *American* has advices from City Point down to yesterday morning. All was then quiet, with no indications of a movement of any kind. The roads are very muddy.

The Richmond papers speak of the bad condition of the roads rendering army movements impossible. They contain no news whatever.

New York, Feb. 23.—The *Herald's* army of the Potomac correspondent of the 22d says last night 200 men left for their homes from one brigade.

Hoke's division of Longstreets corps is the only large body of troops which has been sent south from Lee's army. They estimate the strength of the rebel army around Petersburg at 30,000 men. The news of Sherman's success in South Carolina became generally known throughout the rebel army to-day and caused a feeling of universal depression to prevail. The privates make no secret of their intention to desert and Lee has placed a heavy guard in his rear to prevent them going back to their homes. They confirm the statement made a few nights since that the siege guns have been removed from Petersburg and carried to some point in the rear of that city. Rebel officers openly express their opinion that nothing can stop Sherman's advance and hence privates desert by scores. Two more deserters have just been brought in. They belong to Mahone's division and have brought their arms along. Major Brown, Provost Marshal 3d division, has of late been up nearly the whole night receiving deserters and forwarding them to corps.

FROM NEW JERSEY.

Trenton, Feb. 23.—This morning the Judiciary Committee of the House, reported a bill to ratify the constitutional amendment, with an amendment to submit it to the vote of the people at the next general election. The majority of said committee reported against submitting it to the vote of the people, and in favor of passing a resolution to ratify it without such a proviso.

Hon. James M. Scoville, Senator from Camden, has been drafted.

New York, Feb. 23.—Cutler's cotton factory at Patterson N. J. was burned last night. Loss $75,000.

FROM CANADA.

Montreal, Feb. 23.—There has been no Court in the St. Albans case since Monday owing to the illness of the Judge.

At the concert of the New England Society last night George Thompson made an eloquent speech on the present and future of America. He said although war was necessary, yet all the stars would appear again brighter than ever, and the beacon of light and liberty would be kindled to the skies. America and Britain, mother and daughter, would go hand in hand one in union and progress. He said there were erroneous opinions as to English sentiment, and painted a glorious future for all mankind.

FROM SAN DOMINGO.

NEW YORK, Feb. 24.—The *Herald's* Turks Island correspondent gives a few additional items of interest regarding the Spanish Dominion. The decision of the Government of Spain to withdraw all its troops from San Domingo, was not yet known in the Island. Owing to the failure to receive reinforcements, the Spaniards in the town of Samana had been obliged to evacuate that place, and had established themselves on the Island of Levantado in the bay. They subjected the natives within their lines to great hardships and oppression, but still the spirit of the latter was unbroken and they continued determined to ultimately gain their independence.

FROM CINCINNATI.

Cincinnati, Feb. 24.—The Kentucky House of Representatives yesterday rejected the Amendment to the Federal Constitution by 28 majority.

Advices from Columbus represent recruiting very active, companies reporting faster than they can be mustered in.

FROM CAIRO AND BELOW.

Cairo, Feb. 23.—Gen. Roberts, commanding the district of West Tennessee, ordered that no person coming into or passing out of our lines will be allowed to return during the war, except those trading in cotton.

The thinking and unbiased portion of the community will appreciate the great advantage of a permanent and reliable Institute for the cure of chronic diseases that usually baffle the skill of the general practitioner.

Catarrh, that great promoting cause of Consumption in the Northwest, always gives way upon application of the new remedies. Dr. Hale has never encountered a case of this disease he could not cure. The present season is very favorable for applying proper remedies; delays are dangerous. Your case may be cured this month, not next, to-day, not to-morrow.

All who are suffering from any of the diseases Dr. Hale makes a speciality in treating, should at least call and investigate the new system for themselves. No person of good sense and sound judgment will, without full and careful investigation, denounce as "humbug" that which claims to possess merit.

Dr. Hale takes pleasure in referring to the following responsible parties, citizens of Janesville, who can speak knowingly as to the efficacy of Dr. Hale's treatment, not to mention hundreds of others in the Northwest that have been cured:

M. Schuyler, proprietor of the Schuyler House; De Witt Davis, N. G. Kenleton, D. R. Stout, F. J. Tupper Ellis Doty, job printer, J. D. Rymer, W. H. Mann, E. R. Beckley, N. Rowe, John Kerr, J. F. Drake, Wm. Hyzer, Mrs. W. W. Wheeler, Mrs. C. J. Cheney, Miss Belle Shattuck, Miss N. Wiley.

The list could be extended to an indefinite length, but the above will suffice.

FRIDAY, FEB. 24, 1865.

The Northern Rebel Press.

The rabid copperhead papers of the country, acting upon the maxim that "a lie well stuck to is as good as the truth," are repeating, day after day the assertion that we cannot conquer a peace; that if we would have re-union it must be by conciliation and compromise. The capture of cities, the shutting up of ports, the overrunning of rebel territory, with its fearful consequences of devastation are worth nothing in the estimation of these rebel sympathizers, towards bringing back to a sense of duty the traitors who are endeavoring to overthrow the government. According to their theory, the common people of the South are so intensely in love with the outrages practiced upon them by the rebel leaders; are so enamored of currency worth two cents on the dollar; are so fond of the horrors which war brings, and are so bound up with fighting for a cause which has no other ulterior object than their own debasement, that they will battle on through all time, and give us a grinning malediction the last thing before dropping into eternity.

Most assuredly the rebels have great reason to be grateful to their contemptible allies of the North, for in the comparison they stand out luminous in virtue and respectability, and posterity will accord them some shadow of an excuse for their crimes while searching for these meaner traitors a deeper damnation.

Paying off the National Debt.

The proposition started some time since, says the Chicago *Tribune*, that the national debt be paid off by a subscription of $10,000 each by 200,000 persons, continues to excite remark. The Philadelphia *North American* seconds the movement, but suggests that the subscription should not be limited to $10,000, but to any sum, however large, or however small be received for the patriotic object. We agree with the *North American*. If the national debt is to be paid off in the way suggested let every man have a chance to contribute. A writer in the New York *Journal of Commerce* (Thomas Allen, of Pittsfield,) is of the opinion that it will be necessary to hold out some pecuniary inducement, and proposes that the public lands be divided among the subscribers at the rate of 5,000 acres of land for every $10,000 subscriber—a larger amount for those who exceed that sum, and less for smaller contributions. Or, as the debt may reach three thousand millions, the proportion of land given may be fixed to suit the actual indebtedness of the country. Mr. Allen says:

"For one, I should be willing to pay the $10,000 if I could thus end the heavy taxation to which I am otherwise to be subjected on account of this war for the rest of my life. And it is clearly the interest of all those persons, firms or incorporations now paying federal taxes exceeding the interest annually on $10,000, to do likewise. There are many persons whose interest it would be, for the same reason, to pay twice, thrice, or even ten times that amount, and in the case of the wealthiest, it would be cheap if they could commute for half a million."

The Boston *Journal* says that one of the "merchant princes" of that city, is an enthusiastic advocate of this scheme, and will give $200,000 towards wiping out the national debt.

Letter from Vicksburg.

U. S. CHRISTIAN COMMISSION ROOMS,
VICKSBURG, Feb. 10, 1865.

Editors Gazette:—In these times of war news and legislative reports, I don't know as you will want to publish any thing concerning the freedmen. But knowing that there are thousands in Rock County who would gladly see what I have seen but cannot, and yet feel a deep interest in regard to the future of the colored race, I beg the privilege of sending you for their sake a short account of my visit to Davis' Bend.

This place is situated on the river nearly forty miles below us, and the river there makes so great a bend that twenty-two miles of travel only makes a gain of 700 rods towards the gulf.

On this bend are 10,000 acres of tillable land, all of which the Government has appropriated to the colored race to be used for their benefit. On it, Jeff. Davis and his brother Joe had each a plantation, as well as a number of other gentlemen. In the Jeff. house I stayed from Saturday night till Monday morning, and three nights in the Joe house.

It seems as a just retribution of Divine Providence that this nest of treason should thus be given to the poor blacks.

Going down as a Government agent, I had rare opportunities of learning the true state of things.

Five thousand of the colored people are now said to be on this bend. Four schools are established among them, with nine teachers who report good progress.

A Freedmen's Hospital is established on the Joe Plantation, of which Dr. Charles A. Foster, of Chicago, is Surgeon. The Doctor seems admirably adapted to his position, and sympathizes fully with the poor creatures around him. One Aunt, Sukey, is said to be 116 years old.

One plantation will be run on Government account, wages being paid to those who work on it. Each of the others has a superintendant who divides the land into small lots of from two to four acres each. Most of the inhabitants are poor, some miserably so, and only live by rations furnished by Government.

Most of the able-bodied persons are formed into companies to work the land; the size of the companies varying from five to twenty. They are expected to have animals to work their crops with. Some of the poorer class will take the smallest amount of land, and will have only the hoe to work the land with and tend the crops.

Most every family is erecting its small log house, and some of them *tote* their lumber on their heads half a mile to build with.

They seem very ambitious to work their lands and make something, and each family to have its own house, pigs and and chickens. All they ask, is a chance to work and make a living; and when the war closes and peace is restored, none will want to leave the sunny south for the cold north. In the south is their home and they propose to stay here.

With the piety of many of this class I am much pleased; such simple, childlike faith as some profess, I have never seen before. They believe God will answer their requests, and all their reliance is on him. Humility is one of the prominent traits of all who say they are trying to follow Christ.

But very few lazy ones have I met, and most say they had to work while with the rebs, and are willing to work now.

While in their meetings and listening to their prayers, and witnessing the fervor of their devotions, tears would flow as I have thought of their past lives, and have felt to wonder not that the judgments of God are resting upon our nation.

They are making noble soldiers, and when they rush into battle with their war cry "Remember Fort Pillow," united with their habit of taking but few prisoners, their old masters often run from them quicker than from white troops. Schools are established in most all of the colored regiments, and many manifest great eagerness to learn to read.

In New Orleans, about a month ago, I visited a school of colored children, of between five and six hundred, some of whom manifested great proficiency in their studies.

Uncle Abe said in reference to the war, "we had a great job before us." Such it seems to me to be the case in reference to the millions of colored people that are to be civilized, educated and christianized.

Military Matters.

The Madison *Journal* says the Governor has authorized the formation of the 51st and 52d regiments. The following officers of the 51st have been appointed:

Colonel—Lt. Leonard Martin, U. S. A., of Green Bay.

Lt. Colonel—Capt. John B. Vliet, (31st regiment) of Kilbourn City.

Major—Lt. Alfred Taggart, (16 regiment) of Beloit.

Adjutant—A. J. Sutherland of Monroe.

The appointments for the 52d are not yet announced.

Lieut. E. E. Bryant, of Monroe, Green Co., formerly Adjutant of the 3d Wisconsin, now draft commissioner of the 3d District, is appointed Lieut. Colonel of the 60th, vice Vliet, transferred to the 51st.

Recruiting and organization of men progresses rapidly. Some 500 men have been mustered in by Lt. Percell in the last three days.

The last company of the 44th (Co. K) left for Nashville last night.

The 45th is full, or within a very few men of being so, and the organization of the four companies necessary to complete the regiment will be speedily effected.

Six companies of the 47th have been organized, and one, Co. B, was paid to-day.

MILITARY APPOINTMENTS.

The following commissions, among others in regiments whose organization was in different portions of the State, have been issued by the Governor since February 14, 1865:

Thirteenth Regiment.—Capt. Chas. S. Noyes as Major, vice Bigney promoted; 1st Lieut. Cyrus E. Patchin as Capt. Co. D, vice Blake honorably discharged; 1st Sergt. David Everest as 1st. Lt. Co. D, vice Patchin promoted; 1st Lt. Lemuel Parker as Capt. Co. E, vice Hewitt honorably discharged; 2d Lt. Simeon Taylor as 1st Lt. Co. E, vice Parker promoted; 1st Lt. Wm. A. Kinlaus as Capt. Co. G, vice Randall honorably discharged; Sergt. Canute R. Matson as 1st Lt. Co. G, vice Blais honorably discharged; 1st Lt. Edgar J. Pratt as Capt. Co. H, vice Noyes promoted; 2d Lt. Geo. H. Beckwith as 1st Lt. Co. H, vice Pratt promoted; 1st Sergt. Andrew J. Smith as 2d Lt. Co. H, vice Beckwith promoted; 2d Lt. Ira B. Dutton as 1st Lt. Co. I, vice Kinlaus promoted; 1st Lt. Urin S. Hollister as Capt. Co. K, vice Wemple honorably discharged; 1st Sergt. Geo. W. Steele, as 1st Lt. Co. K, vice Hollister promoted.

Second Cavalry—Major Newton De Forest as Lt. Colonel, vice Woods declined; Capt. Geo. W. King as Major, vice De Forest promoted; 1st Lt. Freeman A. Kimball as Capt. Co. M, vice Parker honorably discharged; 2d Lt. John Baxter as 1st Lt. Co. M. vice Kimball promoted; 1st Sergt. George M. Walter as 2d Lt. Co. M, vice Baxter promoted.

OFFICERS OF THE 30TH EXCHANGED.

C. Lathin Sholes, Esq., of Milwaukee, who is in town to-day, received a dispatch this morning informing him that his son, Lt. Sholes, of the 30th Wisconsin, who was taken prisoner at the battle of Ream's Station, has just been exchanged. We presume that all the officers of that regiment who have been held as prisoners by the enemy, were exchanged at the same time.—*Madison Journal.*

Artemus Ward on Boston.

Artemus thus writes to his "Dear Betsy" concerning his late visit to the "Modern Athens:"

The windor of my room commands a exileratin view of Copp's Hill, where Cotton Mather, the father of the Reformers and sich, lies borried. There is mon even now who worship Cotton, and there is wimmen who wear him next their harts. But I don't weep for him. He's been dead too lengthy. I ain't going to be absurd, like old Mr. Skillins, in our naborhood, who is ninety-six years of age, who gets drunk every election day, and weeps bitterly because he haint got no Parents. He's a nice Orfan, *he is.*

Bunker Hill is over yender in Charlestown. In 1775 a thrillin' drammy was acted out over there, in which the "Warren Combination" played star parts.

Old Mr. Faneul is dead, but his Hall is still in full blast. This is the Cradle in which the Goddess of Liberty was rocked, my Dear. The Goddess hasn't been very well durin' the past few years, and the num'ris quack doctors she called in didn't help her any; but the old gal's physicians now are men who understand their business. Major generally speakin', and I think the day is near when she'll be able to take her three meals a day, and sleep nights as comf'bly as in the old time.

The State House is filled with statesmen, but some of 'm wear queer hats. They buy 'm I take it, of hatters who carry on hat stores down stairs in Dock Square, and whose hats is either ten years ahead of the prevailing stile, or ten years behind it—just as a intellectooal person sees fit to think about. I had the pleasure of talking with sevril members of the legislatur. I told 'em the Eye of 1000 ages was onto we American people of to-day. They seemed deeply impressed by the remarks, and wanted to know if I had seen the Grate Orgin?

Harrard College. This celebrated institootion of learnin' is pleasantly situated in the Bar-room of Parker's in School street, and has poopils from all over the country.

I went over to Lexington yes'd'y. My Boosum hove with sollim emotions. "& this," I said to a man who was drivin' a yoke of oxen, "this is where our revolutionary forefathers asserted their independence and spilt their Blud. Classic ground."

"Wall," the man said, "it's good for white beans and potatoes, but as regards raisin wheat, 'tain't worth a——But hav' you seen the Grate Orgin?"

I returned in the Hoss Cars, part way. A pooty girl in spectacles set near me, and was tellin' a young man how much he reminded her of a young man she used to know in Waltham. Pooty soon the young man got out, and smilin' in a seductiv manner, I said to the girl in spectacles: "Don't I remind you of somebody you used to know?"

"Yes," she said, "you do remind me of one man, but he was sent to the penitentiary for stealin' a Bar'l of mackeril—he died there so I conclood you ain't *him*." I did't pursoo the conversation. I only heard her silvery voice once more durin the remainder of the jerney. Turnin' to a respectable looking female of advanced summers, she asked her if she had seen the Grate Orgin.

We old chaps, my dear, are apt to forget that it is some time since we was infants and et lito food. Nothin' of further int'rist took place on the cars except a colored gentleman, a total stranger to me, asked if I'd lend him my diamond Brestpin to wear to a funeral in South Boston. I told him I wouldn't—not a *purpuss*.

I ment to have allooded to the Grate Orgin in this letter; but I havn't seen it. Mr. Revere, whose tavern I stop at, informs me that it can be distinctly heard through a smoaked glass in his nativ' town in New Hampshire, any clear day. But settin the Grate Orgin aside (and indeed I don't think I heard it mentioned all the time I was there,) Boston is one of the grandest, surefootedest, clearheadest, comfortablest cities on the globe.

MEXICAN MUSTANG LINIMENT.

The parties in St. Louis and Cincinnati, who have been Counterfeiting the Mustang Liniment under pretense of proprietorship, have been thoroughly estoped by the Courts. To guard against further imposition, I have procured from the United States Treasury, a private steel plate revenue stamp, which is placed over the top of each bottle. Each stamp bears the *fac simile* of my signature, and without which the article is a Counterfeit, dangerous and worthless imitation. Examine every bottle. This Liniment has been in use and growing in favor for many years. There hardly exists a hamlet on the habitable Globe that does not contain evidence of its wonderful effects. It is the best emollient in the world. With its present improved ingredients, its effects upon man and beast are perfectly remarkable. Sores are healed, pains relieved, lives saved, valuable animals made useful, and untold illa assuaged. This Company was organized in 1850 and is one of the most popular and successful Life Insurance Companies in the United States.

It was the aim of the Corporators to fill a want in the community by organizing an Institution which should embody the stability of a purely stock Company with the advantages of a Mutual system, declaring all profits to the insured.

DIVIDENDS GUARANTEED.

And paid to the assured annually, thus greatly reducing the amount of premiums.

The amount of Dividend returned to the assured each year, determines the rate of premium per annum.

A Bona Fide Security of $170 for every $100 of Liabilities.

ENDOWMENT PLAN.

This is a non-forfeiting plan, whereby the advantages of Life Insurance are combined with those of a savings' bank. By this mode a policy is made payable to the assured on his attaining a given age, or should he die previous to that age, to his representatives at his death—thus making provision for old age, and at the same time securing, beyond contingency, the full amount of insurance to one's family, in the event of early death.

This plan of insurance is becoming deservedly popular, and has received the unqualified approval of our best business men and financiers.

NON-FORFEITURE PLAN.

Premiums all paid in ten annual payments, securing a proportionate amount of the whole sum in a paid up policy, should circumstances make it necessary to discontinue further payments of premium at any time

Policies issued in all the various forms, and to apply to all the diversified relations of life.

A large amount of former premiums now invested in first class bonds and mortgages in Wisconsin.

All future premiums received in Wisconsin will be retained here.

Persons unacquainted with the Melodeon and its history, will bear in mind that we are the pioneers and leading manufacturers, not only in the United States, but in the world. We commenced the manufacture of Melodeons in the fall of the year 1847, and since that time have finished and sold

THIRTY THOUSAND!

These instruments are now in use mostly in the United States and Canada, also in Europe, Asia, Africa, South America, and the West Indies, and from all these quarters we have the most flattering testimonials of the high estimation in which they are held. At all Industrial Exhibitions, they have invariably been

AWARDED THE HIGHEST PREMIUM!

whenever exhibiting in competition with others. We shall take pleasure in forwarding by mail (at our own expense) our Illustrated Catalogue, in which every instrument we manufacture, is fully described and illustrated by elegant engravings.

☞ All Melodeons of our manufacture, either sold by us or dealers in any part of the United States or Canada, are warranted to be perfect in every respect, and should any repairs be necessary before the expiration of five years from the date of sale, we hold ourselves ready and willing to make the same free of charge, provided the injury is not caused by accident or design.

CAUTION.

We daily see advertisements of some new reed instrument, with strange name, purporting to be superior to Melodeons and School Organs. A new exterior and a new name will, naturally attract attention; but the public will bear in mind, that *all Reed Instruments*, now manufactured in the United States and Canada, are, *as near as they can be made without infringing our patents*, copies of our own.

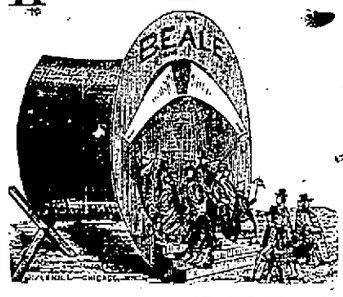

☞ Agents for the sale of our Melodeons can be found in all the principal towns of the United States and Canada. Address either

Wants, Sales, Rents, &c.

In response to an inquiry from Maj.-Gen John Pope, in regard to the whereabouts of Gen. Price's forces, the following answer was given, under date of Feb. 15, 1865: "the trans-Mississippi Army is encamped near Washington, Ark., two hundred miles southeast of Fort Smith. Fagan has about nine thousand cavalry, but they are poorly mounted. Magruder commands the infantry. The Missouri conscripts have been forcibly dismounted and drilled as infantry. Price's army suffered greatly on their retreat from Missouri, and the line of their retreat is marked by the debris of wagons and the bones of horses and mules. The officers seem to feel satisfied that they escaped with their lives, and another invasion of Missouri is not to be thought of at present. McLean, Gen. Price's Acting Adjutant-General was killed last week in a fight with Lieut. Col. Wood."

DOTY'S
CLOTHES-WASHERS
Are SIMPLE, DURABLE & CHEAP,

MAKE WASHING EASY,
And SAVE CLOTHES.

These Washers were exhibited at the great New England Fair of 1864, won the admiration of thousands, and were awarded a splendid Diploma; also at the Wisconsin and Pennsylvania State Fairs of 1864, they were awarded the first premium.

To Wool Growers!

Wool fleeces may be washed in these Machines at the *rate of a fleece in two minutes*, without tearing them apart, and the wool brings the price of *the choicest wool*, which is *five to eight cents per pound more* than that washed on the sheep. This is very important to every wool grower.

They are recommended as the Very Best in Solon Robinson's great new work, "Facts for Farmers," by ORANGE JUDD, proprietor of the *American Agriculturist* and by other prominent men.

It gives us great pleasure to be able to afford these great household blessings at the following comparatively trifling cost, which is a reduction of about 20 per cent. on former prices:

Small Size, at Janesville,	$ 9.50
Family " " "	10.50
Hotel " " "	13.50

The above prices include Faucet. Machines with plug instead of faucet, 50 cents less.

Full Directions for Using are Attached to Each Machine.

Any person purchasing a Washer of us may return the same and have the purchase money refunded, if after four weeks fair trial according to directions, it fails to give satisfaction.

Many of our Washers are now in use in Janesville, and we subjoin the following testimonials:

From Rev. G. W. Lawrence:

MR. DOTY—I confess I have been quite skeptical in regard to the utility of washing machines, until we gave yours a trial. Having tested it thoroughly, we are fully prepard to say, unsolicited, that we regard it as a capital machine. The principle upon which it works is the true one—removing the dirt effectually without injuring the clothes in the slightest manner. My wife endorses it heartily as a labor-saving machine, and considers it truly a "Paragon." With "Doty's Paragon Clothes Washer," and the "Universal Clothes Wringer," washing day is no longer dreaded as in days of yore. G. W. LAWRENCE.

JANESVILLE, Nov. 13th, 1864.

Messrs. Doty Bros.:

GENTLEMEN—I have had in use one of your Washing Machines since May last. We have tried other inventions, but they have invariably proved worthless, after a few weeks use. Yours is the only invention that has stood a satisfactory test in my family. It works admirably, and is a great labor saving machine; while in point of economy it has no equal. It has more than saved its cost already in the diminished wear of clothing, as compared with any other process of washing with which I am familiar. No family can well afford to be without one. Yours truly.

Sewing Machines.

WILCOX & GIBBS'

SEWING MACHINE!

Will Stitch, Hem, Fell, Tuck, Cord, Bind, Braid, Quilt and Embroider beautifully. It will, with the *finest* needle and thread, run from perfect work on the finest Nainsook, over the heaviest beaver cloth and cowhide, with *no* change of needle, thread or tension.

Wilcox & Gibbs Sewing Machine

will use coarse *cotton, linen, silk* and *twine*. It runs easier, faster and stiller than any other machine. It forms a flat, even and elastic seam, differing from every other stitch, each loop being *twisted* by means of the

"ROTATING HOOK,"

and drawing the twist *into the goods*, thus securely fastening every stitch, so that the seam will bear to be cut at frequent intervals, and in that case even, the seam is warranted *not to rip in wear*, and under all circumstances to *"survive the washtub."* Old worn out family garments, bosoms, pants, dresses, &c., have been submitted to Committees at Fairs where was the *greatest competition*, and to this STRICT premiums have been awarded for its SUPERIORITY, DURABILITY, ELASTICITY and BEAUTY.

A Patented Device *prevents the possibility of the machine being run in the wrong direction*, or the balance wheel ever wearing or touching the dress. By another ingenious Patent Improvement,

The Needle Cannot be Set Wrong,

Thus avoiding the great trouble of other machines. In this it is so easy that a child may set it in the dark with unerring correctness every time.

NO BREAKING OF NEEDLES.

The blade of the needle is less than ¾ of an inch long, and is straight. It is less than half the length of other machine needles, many of which are curved, therefore more easily bent or broken—a great source of annoyance, expense and trouble. The Hemmer and Feller can never be set wrong. Any one may adjust them *in the dark*. The hem may be of any width. No other hemmer or feller is like this. It turns the hem on the right or upper side, as you want it.

IT WILL NOT DROP STITCHES;

As the needle is always set right, the blade short and straight does not vibrate, like longer ones.

Wilcox & Gibbs Sewing Machine

Is run by steam at 4000 stitches per minute—other machines only at 400 to 1200, with safety. They are manufactured with

MATHEMATICAL PRECISION,

Hence each part is interchangeable, and can be readily placed in case of accident.

THEY WILL NOT GET OUT OF ORDER

We have known it intimately for several years. Many thousands are already in use here, and so far as we know, not one in family use has ever cost a dime to repair, or ever been out of order at all. They will last a generation, if properly cared for. None who have used it can be persuaded to use any other.

Wilcox & Gibbs Sewing Machine

Works at an instant's notice, and never stops "unaccountably." No one operator in ten on the Wilcox & Gibbs will break a needle or drop a stitch in a year. The Wilcox & Gibbs in the hands of any one, knows no "skips," "drops," "jumps" or "misses." The soundness, evenness, durability and beauty of its stitch

WERE NEVER EQUALED.

Its rapidity, absolute stillness, ease of motion, narrowness and neatness of its Hem and Fell were never approached by any other machine. We can call in any boy or girl from the street, and with three minutes instruction they will set the needle, attach the Hemmer, or Feller, and do the work with entire success. A blind girl, with the exception of threading the needle, can do the same. Many ladies owning other first-class machines, come to our office to do their fine hemming and tolling on the Wilcox & Gibbs Machine.

The press universally pronounce this the best family sewing machine in the world.

These Bitters are prepared, in pure Bourbon Whiskey, from a combination of over twenty different kinds of roots, barks and herbs, which act in perfect concert one with other, prepared from the original formula given by the great chief, Red Jacket, to Dr. Chapin, who used them successfully in his practice for many years, and by their use gained so great a popularity in the treatment and cure of Dyspepsia, Liver Complaint, Constipation, Sick and Nervous Headache, Fever and Ague, and all diseases arising from torpid liver or indigestion. Persons suffering from either of these loathsome diseases will find a sure cure by the use of these Bitters, which are perfectly pure and free from all those drugs and poisons usually put up in such preparations and palmed off on an unsuspecting public. A single trial will convince the most skeptical that in the RED JACKET there is virtue which no other Bitters possess.

They strengthen and invigorate the system.
They are unequaled for general debility.
They are a sure cure for dyspepsia.

DIABETES,

STONE IN THE BLADDER, CALCULUR, GRAVEL, BRICK DUST DEPOSIT, AND MUCOUS OR MILKY DISCHARGES AFTER URINATING,

IRRITATION OF THE NECK OF THE BLADDER, INFLAMMATION OF THE KIDNEYS, CATARRH OF THE BLADDER,

STRANGUARY AND BURNING, OR PAINFUL URINATING.

For these diseases it is truly a sovereign remedy, and too much cannot be said in its praise. A single dose has been known to relieve the most urgent symptoms.

Are you troubled with that distressing pain in the small of the back and through the hips? A teaspoonful a day of the Constitution Water will relieve you like magic.

PHYSICIANS

Have long since given up the use of buchu, cubebs and juniper in the treatment of these diseases, and only use them for the want of a better remedy.

CONSTITUTION WATER

has proved itself equal to the task that has devolved upon it.

DIURETICS

Irritate and drench the kidneys, and by constant use soon lead to chronic degeneration and confirmed disease.

We present the Constitution Water to the public with the conviction that it has no equal in relieving the class of diseases for which it has been found so eminently successful for curing; and we trust that we shall be rewarded for our efforts in placing so valuable a remedy in a form to meet the requirements of patient and physician.

IN DYSMENORRHŒA, OR PAINFUL MENSTRUATION, AND MENORRHAGIA, OR PROFUSE FLOWING.

Both diseases arising from a faulty secretion of the menstrual fluid—in one case being too little and accompanied by severe pain, and the other a too profuse secretion, which will be speedily cured by the Constitution Water.

That disease known as FALLING OF THE WOMB, which is the result of a relaxation of the ligaments of that organ, and is known by a sense of heaviness and dragging pains in the back and sides, and at times accompanied by sharp, lancinating or shooting pains through the parts, will, in all cases, be removed by the medicine.

There is another class of symptoms arising from IRRITATION OF THE WOMB, which physicians call Nervousness, which word covers up much ignorance, and in nine cases out of ten the doctor does not really know whether the symptoms are the disease, or the disease the symptoms. We can only enumerate them here. I speak more particularly of Cold Feet, Palpitation of the Heart, Impaired Memory, Wakefulness, Flashes of Heat, Languor, Lassitude, and Dimness of Vision.

SUPPRESSED MENSTRUATION.

Which in the unmarried female is a constant recurring disease, and through neglect the seeds of more grave and dangerous maladies are the result; and as month after month passes without an effort being made to assist nature, the suppression becomes chronic, the patient gradually loses her appetite, the bowels are constipated, night sweats come on, and consumption finally ends her career.

THE GREAT SHOW at Lappin's Hall is still in vigorous operation. The usual number of gifts are to be dispensed this evening.

REV. MR. HODGE'S Sermon next Sabbath morning will be addressed to the members of the Sabbath School. The children will meet at the Church at 6½ o'clock Saturday evening to prepare music for the occasion.

AT HIS POST AGAIN.—By a private letter from Mr. E. H. Benham, received by a gentleman in town, we learn that he arrived safely at his regiment in front of Petersburg. Having carried many little articles from friends here, he was doubtless most warmly welcomed.

WELL DESERVED PROMOTION.—We observe that our fellow-townsman, Gen. Thomas H. Ruger, has been promoted to a Major General. He has been in the service since the organization of the 3d Wisconsin regiment, going out as the Lt. Colonel of that organization. In a number of the hard campaigns of the war, he has conducted himself with distinguished ability. His promotion is well earned and justly bestowed.

HARPER FOR MARCH.—Harper's Monthly for March contains the concluding paper of Ross Browne's *Journeys in Arizona;* a continuation of Mr. Abbott's series of the "Heroic Deeds of Heroic Men," devoted to an account of the siege and capture of Port Hudson; and Sugar Making, in Cuba, all of which are copiously illustrated. Of Dickens' and Collins' new novels we have additional installments, several excellent stories, poems and essays filling, with the editorial matter, the remaining pages. Leavitt & Dearborn have it for sale.

Child Drowned.

EMERALD GROVE, ROCK CO., WIS., February, 23d, 1864.

Messrs. Editors:—This evening about 6 o'clock, Mr. Wm. Millington's daughter about five years old, fell into a cistern at his house and was drowned. The cistern had a trap door, and the mother missing the child and not being able to find her, looked around the house and yard, but to no purpose until she finally thought of the cistern and raised a cry for help. The citizens came and found the child in the cistern dead. She was supposed to have been in about half an hour.

Yours, respectfully, J. E. SCOTT.

COMMON COUNCIL.—At a regular meeting of the Council last evening His Honor the Mayor presided, all the Aldermen being present.

After the reading of the minutes of the last meeting, a number of accounts were presented and referred to the finance committee.

Alderman Graham having called the attention of the Council to a bill now pending before the Legislature for the re-assessment of lots for delinquent street taxes, Alderman Bates introduced a motion to the effect that Hon. J. B. Cassoday be requested to use his influence to procure an amendment to the bill so as to make it conform to the interests of the citizens of Janesville, and it was further ordered that the Judiciary committee prepare such amendments to said bill as in their judgment will protect the city and persons interested.

On motion Alderman Graham was added to the committee for the purpose of amending the bill mentioned in the above order.

Alderman Jackson moved that when the Council adjourned it be to one week from Thursday night.

The finance committee reported in favor of allowing sundry accounts.

The clerk was instructed to refuse a tax deed on certificate No. 200, sale of Jan. 20, 1862, applied for by Mr. C. S. Roe, on that portion redeemed by Mr. I. M. Smith.

The city attorney was directed to report a bill at the next meeting of the Council, amending the act for raising money to pay volunteers in such a manner as to give the city entire jurisdiction in the matter; also amending the act passed last winter, in such a manner as to enable the collection of taxes on street contracts.

ANOTHER FEMALE MOB AT THE SOUTH.—The *Southern Confederacy*, now published at Macon, has the following: "Cabbages $15 per head; cucumbers $10 each; a bunch of six small fish $20. General Beauregard has been in the city several days. It is rumored this morning that the Yankees are in force at Corinth. A disgraceful affair is now going on up town. A mob of women with the black flag are marching from store to store on a pillaging expedition. The Pelham Cadets are ordered out to disperse them."

A child born recently in San Francisco had no opening for its eyes. Cuts were made, and a pair of bright ones were found underneath.

The entire population of all the States and Territories on the Pacific, belonging to Uncle Sam, is 675,000.

Edwin Forrest, the actor, has an income of $22,664, and Edwin Booth has $1.400.

A DELICATE OPERATION.—We learn that Dr. Hale, the Janesville physician for diseases of the head, throat and lungs, removed several polypi from the nostril of Mrs. E. A. Spencer, wife of the Assistant Secretary of State, in a manner which showed him to be a most skillful physician. The operation afforded complete relief.—*Madison Journal.*

ON ALL sides we hear the merits of the Grover & Bakers Sewing-Machine extolled. The ladies declare it the "very best," and prove it to us in so many undeniable facts that we are bound to confess our conviction of the truth of the declaration. What other machine will embroider so beautifully, braid so elegantly, hem so faultlessly, quilt so evenly, stitch so accurately, gather so regularly, operate so easily? *None*, we conscientiously affirm.

The balance purchased at the great closing out Importers' Sale at Auction, and bought by us at a reduction of from 25 to 50 per cent. less than Septembers prices. We have also

50 Bales Domestic Goods!

all grades, at an equal reduction.

It is usual with us since our commencement in business to close out goods in their own season and not carry stock from one season to another as is done by old fogy merchants, and therefore are determined that the above amount of goods must be sold within the stated time.

Among our late purchases are the following.

5,000 pairs Misses' and Childrens' Boots and Shoes, at equally low prices.
Together with 1,000 other articles too numerous to mention.

In conclusion we would say to the people of Rock and adjoining Counties, that this is a rare opportunity to purchase goods at prices far below that of New York City of this date. We bought our entire stock at Auction, and from Importers and Manufacturers, at from

10 TO 25 PER CENT. LESS

Than any goods sold by them this season—all for not cash, and will be sold without regard to price, in order to close out preparatory to the opening of the Spring Trade.

THOMAS & MAST.

This Drill has a larger sale, and has proven itself to be the best in the United States. This drill sows Wheat, Rye, Oats, Barley, Grass Seed, &c., in any desired quantity, without change of gearing, as a few turns of one screw makes all the changes. The Grass Seed is sown broadcast behind the hoes. The drill is a perfect success everywhere, and we have the testimony of a large number of persons that it works well where all others entirely fail. The Buckeye Drill is no experiment, but has been in successful use for twelve years past, and improvements have been made upon it constantly during that time.

GOTTSCHALK ON KNABE.

[Translated from the French.]

After having played on the Piano of Messrs. Knabe & Co., it is impossible not to bear testimony to their qualities which have acquired for them the eminent reputation which they enjoy. The Pianos of their manufacture, on which I have played, are exceedingly remarkable for their qualities. The bass is powerful without harshness, and the upper notes sweet, clear and harmoniously mellow, (chrystaline,) and I do not hesitate to express in regard to those instruments my entire satisfaction, and to declare that they are equal *if not superior* to the best manufactured in Europe or this country by the most celebrated makers.

SURE CURE FOR THIS DISEASE!

Experience has proved that Catarrh *cannot* be cured by *local treatment alone*; hence, the many advertised cures for Catarrh, all of which are local remedies, give relief *only* while the patient is using them, but *never cure.*

Understanding the disease and we know it *cannot* be cured by LOCAL treatment *alone*, therefore, we also prescribe a *constitutional* remedy to be taken, and by the combined *local* and *constitutional* treatment, we are enabled to remove the *causes* of *Catarrh*, and thereby effect

A PERMANENT CURE.

THEIR CONSULTATIONS for years have averaged from five to seven thousand a year, which gives them an experience unsurpassed by any, and equalled only by a few.

Our Terms are CASH; hence the money must be sent with all orders for medicines. It costs from five to fifteen dollars per month, to doctor with us, which includes medicines

The News.

We have the cheering news to-day of the capture of Wilmington by our forces. Thus has fallen into our hands the rest of the rebels' seaports. While we have reason to regard it as a very important success, we have no doubt the rebel press will, Toots like, assert that "it is of no consequence."

Gentlemen engaged in the cotton trade in the Gulf States just arrived, state that the evacuation of Mobile commenced on January 4th, and that most of the cotton has been shipped to points further North. When they left, a large force under Gen. Granger was moving on the city. The harbor fortifications have all been abandoned by the rebels, and the only difficulty in the way of our fleet taking possession of the place is the torpedoes and other obstructions in the river, which are being removed as rapidly as possible.

The story of a disaster to Grant was made of a very poor article of Philadelphia rumor.

It will be seen by extracts from rebel papers that our forces are crowding the enemy at all points, and in view of this state of things their Congress has been compelled to pass a bill for the arming of 200,000 blacks. Another evidence of their distress and madness.

Gold closed at 1.99½.

A CORRESPONDENT with Gen. Thomas' army, writing from Gen. Smith's division, says: "While the commissary department is worthy of all praise, it has certainly developed a strange feature in the way of rations. That is, the army of Gen. Smith, after going through the fight at Nashville, marching over the country to this garden spot, are furnished with rations of forage! Be it known, that for six days the detachment of the Army of the Tennessee subsisted on corn in the ear, (as they (the boys) were quite jolly, and appeared grieved when informed that shelled oats could not be furnished them."

IT will be recollected that the old Supreme Court of Indiana, Judge Perkins presiding, in October last, rendered a decision which, while pronouncing the national legal tender law unconstitutional, affirmed its constitutionality on grounds of expediency. Afterward, the Court, urged by the Democratic journals, concluded to reconsider its strange action, and continued the case. The new court, on Thursday last, decided the matter over again, holding that the legal tender law is constitutional, and confirming Judge Perkins' first action in sustaining it *de facto*.

PITEOUS.—The clerks of the Richmond Departments have made a piteous appeal to the Confederate Senate for more pay. In their address they say:

"The present compensation does not shelter and feed them. Many have families. They live on two meals a day, in garrets, cellars, and in shanties out in the suburbs. With the strictest economy they can barely procure a sufficiency of bread to sustain life. One gentleman, wealthy before the war, a refugee and a pauper since, with a family of eleven, has not tasted meat in four months. Coffee, tea, sugar, delicacies or luxuries they have neither in health nor in sickness. They cannot buy clothes, nor shoes, nor hats. Even in the event of death the last office of earth would depend upon charity."

GENERAL GRANT'S POLICY.—The *Army and Navy Journal* calls attention to one feature of General Grant's military policy, which is having a most remarkable illustration durihg the present winter:

"There is constant necessity of pushing the advantage we have, of 'keeping the ball of victory rolling,' of holding our steady strain upon the rebellion, without a single respite or relaxation. Such is General Grant's policy. He seems to have dropped the words 'winter quarters' out of his 'dictionary of military terms.' It was predicted when the May campaign opened that it would be the last campaign of the war—and when has it been suspended?"

GENERAL Alexander Schemmelfinning is the officer who first entered Charleston The name is against the hero. People will find it difficult to repeat it very often. But he is said to be an excellent officer, a Prussian by birth and education—a thorough military man, who entered the United States service as Colonel of a Pennsylvania regiment at the breaking out of the war, and was commissioned as a Brigadier General in 1862, for gallantry. He commands a brigade in what is now known as Foster's army, which has been operating below Charleston for some months past.

AT a fair held recently in San Francisco for the benefit of the Christian Commission, an exquisite imitation of a goose-quill pen, of pure gold, with a row of diamonds on the stem, was presented, and it was voted to President Lincoln by those who paid a certain sum, a large addition to the funds of the Commission being thereby obtained. It has been sent on to Mr. George H. Stewart, President of the Christian Commission, by whom it is to be forwarded to the President.

THE news of the evacuation of Charleston, and its occupation by our forces, was received with much enthusiasm by both the Ohio and Indiana Legislatures. At Columbus, the House gave free utterance to the joy the good news inspired, cheered, shouted, and sang "John Brown" and "Rally round the Flag." members, messenger boys and spectators, both civil and military, joining in the chorus.

State News

The Oconto *Lumberman* of the 17th says we learn that many of the jobbers are sending gangs of men into the woods to enable them to put in a larger number of logs between now and "break up camp" than ever before. The demand for lumber has helped the lumber business very much during the past year.——At Peshtigo, on Friday last, a daughter of Mr. Anson Place was severely burned, her clothes taking fire from the stove. Mrs. Place badly burned her hands in saving her child. Both are now doing well. A day or two ago a son of Mr. Jacob Place, of Peshtigo, while playing around a corn shelling machine had his right hand badly lacerated and it was feared amputation would have to take place, but he is now doing well, and the thumb will be saved.——The Oconto *Pioneer* learns that a large fire occurred at Stiles on the evening of the 20th inst., resulting in the destruction of Anson Eldred's grist, shingle and old water mills. Loss about $50,000. We have not learned the particulars.——The Editor of the Waukesha *Freeman* has paid a visit to the Reform School and expresses himself as eminently well pleased with what he saw. He says it is accomplishing untold good in saving from utter ruin the youth sent there for reformation.——The Green Bay *Advocate* speaking of enlisting in that district says never since the breaking out of the war have men come forward faster.——The Beaver Dam *Citizen* says the big boys in the public school at that place attempted to break up the public schools, and were expelled by the Board of education. Served them right. Also that last Saturday night a jolly, frolicsome party went a-sliding on a pond near College avenue, and George Boylan fell on his face, smashing his nose so that the bones protruded through the flesh. A terribly painful hurt.

Joe. Johnston's Report.

The report of the rebel General Joe Johnston of the operation of the army under his command, in the retreat from Dalton to Atlanta, was published by order of the Rebel Congress, in direct opposition, as stated in the Richmond *Examiner*, to the wishes of Jeff. Davis, who desired to suppress it.

The following is a summary of some of its most important points:

On the last day of 1863 the effective force of his army at Dalton amounted to 36,825 infantry and artillery, and 5,613 cavalry. A portion of this force was sent in January, 1864, to oppose Sherman in Mississippi. In February, Bragg, as commander-in-chief at Richmond, sketched an offensive campaign for Johnston, but it was found impossible to give him the number of men necessary to the movement. When the campaign was opened, May 1, 1864, by Sherman, Johnston's effective force numbered 40,000 infantry and artillery, and 4,000 cavalry. He was subsequently reinforced by Loring's and French's divisions of Polk's corps, making his total force during the campaign, subsequently to the battle of Resaca, about 60,000 men.

On the morning of May 9, when McPherson's army appeared in front of Resaca, it was held by only 2,200 men, dismounted cavalry under Wheeler. It was not until the 10th that that place was reinforced by Hood's corps and Loring's division of Polk's corps. Johnston states that he crossed the Etowah River on the representations and recommendations of Polk and Hood, and says it was a step he has regretted ever since. The rebel loss in the battle of New Hope Church, May 27th, was 450.

In the assault on Kennesaw Mountain, in which Gen. Harker of our army was killed, the rebels lost 200 killed, wounded and missing. The losses of the campaign foot up 10,000 killed and wounded, and 4,700 from all other causes, not including the cavalry loss, which was unknown. The effective force of the army as transferred to Hood was 45,000 infantry and artillery and 10,000 cavalry.

Johnston states that he planned the battle of Peach Tree Creek, and the flank attack on the Army of the Tennessee, in which McPherson was killed. He also claims that he intended holding Atlanta. There are several hits at Bragg.

Among other opinions given is one expressed by Bragg, in which Joe Johnston concurred, that Sherman's army was larger than Grant's. He alludes to the Union army as the United States army, and maintains a dignified style throughout.

The Rebel Fleet at Richmond.

The New York *Tribune's* correspondent with the Army of the James mentions the desertion into our lines of a young rebel Lieutenant, an aid on the staff of Lieutenant Col. Robert D. Minor, commanding the Navy and Ordnance Department at Richmond. The young officer had been running men into our lines for some time, but was exposed by the confession of a deserter who had been recaptured. He was arrested, and while being temporarily held to give him an opportunity to establish his innocence, knowing that he would be sent to Castle Thunder to await execution, he bribed his guard, and, with his wife, succeeded in reaching our lines. He states that negroes and others have, during the past six months, amassed large fortunes in the hazardous business of running men through the rebel lines. In the capacity of aid he had frequently visited the rebel flotilla in the James, and at the time of the late raid was on board the Virginia, which he represents as by far the most formidable vessel of the fleet being coated with eleven inches of iron plating, and carrying eight guns, one of which carries an 18 and another a 14-inch shot. He states that the new ram Jeff Davis is nearly finished, and that when he left Richmond she was receiving her armament of fourteen heavy guns. Although she is the largest of the rebel rams, he regards the *Virginia* as the most effective vessel in the rebel navy, owing to the caliber of her guns, and thickness of her plating. The pirate Semmes, now commanding the *Virginia*, is spoken of as the Commander of the *Jeff. Davis*, when ready for service. He is firmly in the belief that the rams will visit our fleet again at an early day, and thinks the *Virginia* capable of demolishing any vessel of our navy, the Ironsides included. All the naval machinery in Richmond has been sent to Selma and other points south, and he thinks the evacuation of Richmond, within sixty days, highly probable.

OFFICIAL BULLETIN.

War Department, Washington, Feb. 24, 9 a. m.—*Maj. Gen. Dix:*—Dispatches just received announce that Wilmington is in possession of our troops.

E. M. STANTON, Sec'y of War.

FROM WILMINGTON.

Washington, Feb. 24.—The Navy Department has just received the following:

U. S. Flag Ship *Malvern*, Cape Fear River, Feb 22d, *via* Ft. Monroe, Feb. 24—*To Hon. Gideon Wells, Sec'y of Navy:*—I have the honor to inform you that Wilmington is in the possession of our troops. DAVID D. PORTER, Rear Admiral.

Washington, Feb. 24.—Gen. Schofield makes the following report:

Fort Anderson, Feb. 19, 1865.—*To Lieut. Gen. Grant, City Point:*—GENERAL.—I have the honor to report the success of our operations against Fort Anderson and adjacent works on both sides of Cape Fear river yesterday. While the guns maintained a heavy fire on Fort Anderson I pressed the enemy on both sides of the river, and sent a force under Gen. Cox about sixteen miles around the swamp to turn the enemy's right. This force made its way along a narrow defile between two swamps, and completely turned the enemy's position. As soon as the movement became known to the enemy, he abandoned his works and retreated towards Wilmington. We captured ten guns uninjured, and a considerable amount of ammunition. We have about fifty prisoners. The loss in killed and wounded is small on either side. Our troops are pursuing the enemy and the gunboats are moving up the river. Fort Anderson and its collateral works are very strong and rendered almost inaccessible by swamps. A small force could have held them until the supplies were exhausted.

My information is that the rebels have a line of defense behind Tom Creek, where they propose to make a stand. If so it can probably be but a short one.

I am, General, very respectfully your obedient servant, (signed)

J. M. SCHOFIELD, Major General commanding.

FROM WASHINGTON.

NEW YORK, Feb, 23.—The Philadelphia *Press* reports that the story that Sherman's army had suffered defeat, was based on rumors in Washington last night.

Washington, Feb. 23.—The House passed the bill providing for the forfeiture of the fee of rebel landholders.

The House passed the bill extending the provisions of the act of 1813 to the mackerel fisheries.

In the Senate, Wiley for the War Committee, reported adversely on the petitions to increase the pay of chaplains.

Washington, Feb. 23.—Commander Trenchard of the United States steamer *Rhode Island* telegraphs to the War Department from Hampton Roads this morning, that our troops were within four miles of Wilmington; heavy firing was heard, and our troops were advancing rapidly.

Information from the Army of the Potomac, states that the army was in great glee over the capture of Charleston. They begin to see in the evacuation of that stronghold that the end of their labor draws nigh. A shotted salute was fired throughout the whole line, in honor of the event.

New York, Feb. 23.—The *Commercial's* Washington special says no apprehensions exist there about Sherman; as Grant will keep Lee fully occupied in defending Richmond.

An effort will be made in the Senate, to restore the tax on sales.

The *Post's* special says it is probable a new measure will be adopted in behalf of the Freedmen, which will put them under the care of the War Department, and will also extend its benefits to white refugees.

The immediate nomination of Mr. McCulloch as Secretary of the Treasury is looked for.

FROM SHERIDAN'S ARMY.

New York, Feb. 24.—According to the *Herald's* correspondent the surprise of a detachment of Sheridan's cavalry by a party of Moseby's guerrillas in Ashley's Gap on Sunday last, proves not to have been so disastrous as was at first supposed. Forty of the ninety men at the time reported captured having eluded the rebels and since succeeded in effecting their return to the command.

FROM SAVANNAH.

New York, Feb. 23.—The Savannah correspondent of the *Commercial* states that stories of the Union sentiment there, are all bosh, and that the large number of steamers sent there from New York, and Boston, were one sixth for free distribution, the remainder was sold on account of owners and certain privileged merchants.

FROM THE SOUTH.

New York, Feb. 23.—The Richmond *Dispatch* of the 21st says, "On Thursday night, the 16th, our forces evacuated Charleston. It is believed the enemy took possession next day. Many guns must have been abandoned, but it is consoling to know that the Yankees got little else. There was no cotton to gladden Lincoln's heart and the city itself was little better than a deserted ruin. Several telegraph operators of Northern birth remained to relieve the Yankees. The evacuation of Charleston should rather inspire cheerfulness than gloom. Sherman can only be checked by immediate concentration in front of all our troops both in North and South Carolina. If this is done and his present expedition broken, he can be prevented from reaching Richmond. We know that Sherman has four full army corps and a strong force of cavalry, each corps numbering not less than 12,600.

After mentioning the fact that two columns were moving from Newbern to cut the Wilmington & Danville Railroad, the *Dispatch* says we fear there is much truth in the statements that the enemy has been concentrating at Newbern. It is reported that a large cavalry force is advancing on Salisbury from East Tennessee, but it is not credited.

All is quiet before Richmond and Petersburg. Grant congratulates himself on holding Lee there while Sherman is turned loose in the Carolinas.

Rosseau and Lomax have been confirmed Major Generals of cavalry.

Every thing is quiet south of the James. Grant is evidently anxiously awaiting the results of Sherman's adventure.

While the War Department could furnish us nothing on the subject, it is truly believed that Charleston, the cradle of secession, the very nest of rebellion has been evacuated by our troops. Sherman by his bold advance has thus accomplished without blood what Dupont, Dahlgren, Gilmore, & Co. have vainly attempted, though aided by the combined force of Yankeedom. This ill fated city or rather remnant of it, will now experience to its full extent the mercy and magnanimity of Yankees. The *Mercury* moved its quarters several weeks ago in anticipation of this sad result.

Goldsboro, Feb. 19.—A Yankee force from Newbern, 500 strong, have passed through Greensville, and when last heard from they were advancing on Tarboro. Gen. Baker is after them. Another party is reported coming up the south side of the Neuse, but this needs confirmation. No trouble is anticipated.

Philadelphia, Feb. 23.—The *Evening Telegraph* has the following special dispatch:

Washington, Feb. 23.—The Richmond papers of Tuesday say that Sherman is pushing rapidly north for Charlotte, Salisbury, Greensboro and Danville, and thence to join Grant in an attack on Richmond. Unless Sherman is soon checked, he cannot be stopped at all.

A telegram from Goldsboro of the 19th inst, says a Union force has set out from Nowbern for Tarboro, to cut the railroad from Wilmington to Richmond, and that another force was moving upon the south side of the Neuse river to cut the same road. A Yankee force is also reported moving east from Tennessee. The whole tone of the rebel papers is despondent.

The rebel House of Representatives on Monday passed a bill to arm 200,000 negroes. The same bill would pass the Senate in secret session on Tuesday.

The rebels seem to boast considerably that they have burnt the cotton at Charleston, to keep it out of our hands.

Information received here, coming through rebel sources, is to the effect that Wilmington was occupied by our forces on Sunday last, the rebels moving toward Raleigh.

NEW YORK, Feb. 24.—Gov. Vance, of North Carolina, has issued a war proclamation in which he declares that the struggle for freedom shall never be given up. He prayerfully entreats the people to rise, and says that all the disasters the South is suffering, are caused by the soldiers being absent without leave.

The Richmond *Whig* of the 21st says it does not know where or when Beauregard will give Sherman battle, but if the latter continues to march towards Richmond, he marches to his doom. Beauregard is Sherman's master in all the arts of strategy and tactics. He will retreat when proper, and fight when proper.

The *Examiner* agrees that Richmond is more safe now than in May last when Grant was moving and there was so much excitement in the city. It says it is true they have not as many troops now, but neither have the federals, by a great deal.

The *Sentinel* of the 21st learns that Gen. Roddy has successfully encountered the federals several times in northern Alabama, and succeeded in driving them inside their fortifications around Decatur.

New York, Feb. 24.—The Richmond *Examiner* says: We have by telegraph a confirmation of the report we gave yesterday of a cavalry raid in the direction of Tarboro, North Carolina; also a renewal of a movement of the enemy up the south side of the Neuse.

It is supposed that Foster's forces or a considerable force of them, have moved up to Newbern, to operate from there, probably upon the Wilmington & Weldon road. There is no doubt of the landing of troops at Newbern, and the re enforcement of Terry at Wilmington. Both are to aid or co-operate with Sherman.

The Richmond *Examiner* of the 20th says: "We have distinct confirmation of the report of the movement of part of Gen. Thomas' force. It consists almost entirely of mounted infantry and cavalry. His work is to open the Alabama river from the mouth to the source, involving the capture of Mobile, Selma and Montgomery, and the capture of Columbus, Ga., for the destruction of the machine shops there and the destruction of railways through central Alabama, and the Mobile & Ohio Railroad from Corinth southward."

The *Whig* of the 29th in an editoral on arming negroes says:

"The proposition has gained favor rapidly of late, and promises to be adopted. So far from exciting repugnance in the army, as at first apprehended, it has been called for by many regiments, and is advised by nearly all the principle officers."

A prominent officer of the rebel army writes to the *Whig:*

"The enemy has taught us an important lesson. He has caused the negro to fight as well, if not better, than white troops. Our prisoners declare they are the best soldiers, and most thoroughly drilled of the Union troops. I myself have seen them work under fire when white men could not be kept."

The *Dispatch* says: "The last Columbia papers received estimate Sherman's force at 55,000 men. Sherman enforces strict discipline and punishes with the utmost severity, any of his troops who are guilty of outrages upon citizens. We will not venture the prediction where our troops will make a determined stand. We feel assured that Beauregard will let slip no opportunity which may present itself of striking the enemy a telling blow, and believe he will risk much upon such a chance."

The *Whig* says the Danville and Greensboro Railroad is working finely.

FROM GRANT'S ARMY

BALTIMORE, Feb. 23.—The Baltimore *American* has advices from City Point down to yesterday morning. All was then quiet, with no indications of a movement of any kind. The roads are very muddy.

The Richmond papers speak of the bad condition of the roads rendering army movements impossible. They contain no news whatever.

New York, Feb. 23.—The *Herald's* army of the Potomac correspondent of the 22d says last night 200 men left for their homes from one brigade.

Hoke's division of Longstreets corps is the only large body of troops which has been sent south from Lee's army. They estimate the strength of the rebel army around Petersburg at 30,000 men. The news of Sherman's success in South Carolina became generally known throughout the rebel army to-day and caused a feeling of universal depression to prevail. The privates make no secret of their intention to desert and Lee has placed a heavy guard in his rear to prevent them going back to their homes. They confirm the statement made a few nights since that the siege guns have been removed from Petersburg and carried to some point in the rear of that city. Rebel officers openly express their opinion that nothing can stop Sherman's advance and hence privates desert by scores. Two more deserters have just been brought in. They belong to Mahone's division and have brought their arms along. Major Brown, Provost Marshal 3d division has of late been up nearly the whole night receiving deserters and forwarding them to corps.

FROM NEW JERSEY.

Trenton, Feb. 23.—This morning the Judiciary Committee of the House, reported a bill to ratify the constitutional amendment, with an amendment to submit it to the vote of the people at the next general election. The majority of said committee reported against submitting it to the vote of the people, and in favor of passing a resolution to ratify it without such a proviso.

Hon. James M Scoville, Senator from Camden, has been drafted.

New York, Feb. 23.—Cutler's cotton factory at Patterson N. J. was burned last night. Loss $75,000.

FROM CANADA.

Montreal, Feb. 23.—There has been no Court in the St. Albans case since Monday owing to the illness of the Judge.

At the concert of the New England Society last night George Thompson made an eloquent speech on the present and future of America. He said although war was necessary, yet all the stars would appear again brighter than ever, and the beacon of light and liberty would be kindled to the skies. America and Britain, mother and daughter, would go hand in hand one in union and progress. He said there were erroneous opinions as to English sentiment, and painted a glorious future for all mankind.

FROM SAN DOMINGO.

New York, Feb. 24.—The *Herald's* Turks Island correspondent gives a few additional items of interest regarding the Spanish Dominion. The decision of the Government of Spain to withdraw all its troops from San Domingo, was not yet known in the Island. Owing to the failure to receive reinforcements, the Spaniards in the town of Samana had been obliged to evacuate that place, and had established themselves on the Island of Levantado in the bay. They subjected the natives within their lines to great hardships and oppression, but still the spirit of the latter was unbroken and they continued determined to ultimately gain their independence.

FROM CINCINNATI.

Cincinnati, Feb. 24.—The Kentucky House of Representatives yesterday rejected the Amendment to the Federal Constitution by 28 majority.

Advices from Columbus represent recruiting very active, companies reporting faster than they can be mustered in.

FROM CAIRO AND BELOW.

Cairo, Feb. 23.—Gen. Roberts, commanding the district of West Tennessee, ordered that no person coming into or passing out of our lines will be allowed to return during the war, except those trading in cotton.

CATARRH, THROAT DISEASES!

ASTHMA, BRONCHITIS!

Early Stages of Consumption!

LIVER COMPLAINTS,

Diseases of Women!

And all other Complaints that Lead to Consumption,

Are treated by DR. HALE, at the

Wisconsin Throat & Lung Institute,

Myers' Block, Janesville,

by a *new method*, and with remedies that are eminently successful in the above class of chronic diseases.

The thinking and unbiased portion of the community will appreciate the great advantage of a permanent and reliable Institute for the cure of chronic diseases that usually baffle the skill of the general practitioner.

Catarrh, that great promoting cause of Consumption in the Northwest, always gives way upon application of the new remedies. Dr. Hale has never encountered a case of this disease he could not cure. The present season is very favorable for applying proper remedies; delays are dangerous. Your case may be cured this month, not next, to-day, not to-morrow.

All who are suffering from any of the diseases Dr. Hale makes a speciality in treating, should at least call and investigate the new system for themselves. No person of good sense and sound judgment will, without full and careful investigation, denounce as "humbug" that which claims to possess merit.

Dr. Hale takes pleasure in referring to the following responsible parties, citizens of Janesville, who can speak knowingly as to the efficacy of Dr. Hale's treatment, not to mention hundreds of others in the Northwest that have been cured:

M. Schuyler, proprietor of the Schuyler House; Dewitt Davis, N. G. Reniston, D. R. Stout, F. J. Tupper Ellis Doty, job printer, J. D. Hayner, W. H. Mann, H. R. Beckley, N. Rowe, John Kerr, J. F. Drake, Wm. Dyer, Mrs. W. W. Wheeler, Mrs. O. J. Cheney, Miss Belle Shattuck, Miss N. Wiley.

The list could be extended to an indefinite length, but the above will suffice.

☞ Consultations free. A friendly chat will cost you nothing. 288mr17dawtf.

Janesville Daily Gazette.

FRIDAY, FEB. 24, 1865.

The Northern Rebel Press.

The rabid copperhead papers of the country, acting upon the maxim that "a lie well stuck to is as good as the truth," are repeating, day after day the assertion that we cannot conquer a peace; that if we would have re-union it must be by conciliation and compromise. The capture of cities, the shutting up of ports, the overrunning of rebel territory, with its fearful consequences of devastation are worth nothing in the estimation of these rebel sympathizers, towards bringing back to a sense of duty the traitors who are endeavoring to overthrow the government. According to their theory, the common people of the South are so intensely in love with the outrages practiced upon them by the rebel leaders; are so enamored of currency worth two cents on the dollar; are so fond of the horrors which war brings, and are so bound up with fighting for a cause which has no other ulterior object than their own debasement, that they will battle on through all time, and give us a grinning malediction the last thing before dropping into eternity.

Most assuredly the rebels have great reason to be grateful to their contemptible allies of the North, for in the comparison they stand out luminous in virtue and respectability, and posterity will accord them some shadow of an excuse for their crimes while searching for these meaner traitors a deeper damnation.

Paying off the National Debt.

The proposition started some time since, says the Chicago *Tribune*, that the national debt be paid off by a subscription of $10,000 each by 200,000 persons, continues to excite remark. The Philadelphia *North American* seconds the movement, but suggests that the subscription should not be limited to $10,000, but to any sum, however large, or however small be received for the patriotic object. We agree with the *North American*. If the national debt is to be paid off in the way suggested let every man have a chance to contribute. A writer in the New York *Journal of Commerce* (Thomas Allen, of Pittsfield,) is of the opinion that it will be necessary to hold out some pecuniary inducement, and proposes that the public lands be divided among the subscribers at the rate of 5,000 acres of land for every $10,000 subscriber—a larger amount for those who exceed that sum, and less for smaller contributions. Or, as the debt may reach three thousand millions, the proportion of land given may be fixed to suit the actual indebtedness of the country. Mr. Allen says:

"For one, I should be willing to pay the $10,000 if I could thus end the heavy taxation to which I am otherwise to be subjected on account of this war for the rest of my life. And it is clearly the interest of all those persons, firms or incorporations now paying federal taxes exceeding the interest annually on $10,000, to do likewise. There are many persons whose interest it would be, for the same reason, to pay twice, thrice, or even ten times that amount, and in the case of the wealthiest, it would be cheap if they could commute for half a million."

The Boston *Journal* says that one of the "merchant princes" of that city, is an enthusiastic advocate of this scheme, and will give $200,000 towards wiping out the national debt.

Letter from Vicksburg.

U. S. CHRISTIAN COMMISSION ROOMS,
VICKSBURG, Feb. 10, 1865.

Editors Gazette:—In these times of war news and legislative reports, I don't know as you will want to publish any thing concerning the freedmen. But knowing that there are thousands in Rock County who would gladly see what I have seen but cannot, and yet feel a deep interest in regard to the future of the colored race, I beg the privilege of sending you for their sake a short account of my visit to Davis' Bend.

This place is situated on the river nearly forty miles below us, and the river there makes so great a bend that twenty-two miles of travel only makes a gain of 700 rods towards the gulf.

On this bend are 10,000 acres of tillable land, all of which the Government has appropriated to the colored race to be used for their benefit. On it, Jeff Davis and his brother Joe had each a plantation, as well as a number of other gentlemen. In the Jeff house I stayed from Saturday night till Monday morning, and three nights in the Joe house.

It seems as a just retribution of Divine Providence that this nest of treason should thus be given to the poor blacks.

Going down as a Government agent, I had rare opportunities of learning the true state of things.

Five thousand of the colored people are now said to be on this bend. Four schools are established among them, with nine teachers who report good progress.

A Freedmen's Hospital is established on the Joe Plantation, of which Dr. Charles A. Foster, of Chicago, is Surgeon. The Doctor seems admirably adapted to his position, and sympathizes fully with the poor creatures around him. One Aunt Sukey, is said to be 116 years old.

One plantation will be run on Government account, wages being paid to those who work on it. Each of the others has a superintendant who divides the land into small lots of from two to four acres each. Most of the inhabitants are poor, some miserably so, and only live by rations furnished by Government.

Most of the able-bodied persons are formed into companies to work the land, the size of the companies varying from five to twenty. They are expected to have animals to work their crops with. Some of the poorer class will take the smallest amount of land, and will have only the hoe to work the land with and tend the crops.

Most every family is erecting its small log house, and some of them *tote* their lumber on their heads half a mile to build with.

They seem very ambitious to work their lands and make something, and each family to have its own house, pigs and and chickens. All they ask, is a chance to work and make a living; and when the war closes and peace is restored, none will want to leave the sunny south for the cold north. In the south is their home and they propose to stay here.

With the piety of many of this class I am much pleased; such simple, childlike faith as some profess, I have never seen before. They believe God will answer their requests, and all their reliance is on him. Humility is one of the prominent traits of all who say they are trying to follow Christ.

But very few lazy ones have I met, and most say they had to work while with the rebs, and are willing to work now.

While in their meetings and listening to their prayers, and witnessing the fervor of their devotions, tears would flow as I have thought of their past lives, and have felt to wonder not that the judgments of God are resting upon our nation.

They are making noble soldiers, and when they rush into battle with their war cry "Remember Fort Pillow," united with their habit of taking but few prisoners, their old masters often run from them quicker than from white troops. Schools are established in most all of the colored regiments, and many manifest great eagerness to learn to read.

In New Orleans, about a month ago, I visited a school of colored children, of between five and six hundred, some of whom manifested great proficiency in their studies.

Uncle Abe said in reference to the war, "we had a great job before us." Such it seems to me to be the case in reference to the millions of colored people that are to be civilized, educated and christianized.

Military Matters.

The Madison *Journal* says the Governor has authorized the formation of the 51st and 52d regiments. The following officers of the 51st have been appointed:

Colonel—Lt. Leonard Martin, U. S. A., of Green Bay.

Lt. Colonel—Capt. John B. Vliet, (51st regiment) of Kilbourn City.

Major—Lt. Alfred Taggart, (16 regiment) of Beloit.

Adjutant—A. J. Sutherland of Monroe.

The appointments for the 52d are not yet announced.

Lieut. E. E. Bryant, of Monroe, Green Co., formerly Adjutant of the 3d Wisconsin, now draft commissioner of the 3d District, is appointed Lieut. Colonel of the 60th, vice Vliet, transferred to the 51st.

Recruiting and organization of men progresses rapidly. Some 500 men have been mustered in by Lt. Percell in the last three days.

The last company of the 44th (Co. K) left for Nashville last night.

The 45th is full, or within a very few men of being so, and the organization of the four companies necessary to complete the regiment will be speedily effected.

Six companies of the 47th have been organized, and one, Co. B, was paid to-day.

MILITARY APPOINTMENTS.

The following commissions, among others in regiments whose organization was in different portions of the State, have been issued by the Governor since February 14, 1865:

Thirteenth. Regiment.—Capt. Chas. S. Noyes as Major, vice Bigney promoted; 1st Lieut. Cyrus E. Patchin as Capt. Co. D, vice Blake honorably discharged; 1st Sergt. David Everest as 1st. Lt. Co. D, vice Patchin promoted; 1st Lt. Lemuel Parker as Capt. Co. E, vice Hewitt honorably discharged; 2d Lt. Simeon Taylor as 1st Lt. Co. E, vice Parker promoted; 1st Lt. Wm. A. Kinlaus as Capt. Co. G, vice Randall honorably discharged; Sergt. Canute R. Matson as 1st Lt. Co. G, vice Blais honorably discharged; 1st Lt. Edgar J. Pratt as Capt. Co. H, vice Noyes promoted; 2d Lt. Geo. H. Beckwith as 1st Lt. Co. H, vice Pratt promoted; 1st Sergt. Andrew J. Smith as 2d Lt. Co. H, vice Beckwith promoted; 2d Lt. Ira B. Dutton as 1st Lt. Co. I, vice Kinlaus promoted; 1st Lt. Uria S. Hollister as Capt. Co. K, vice Wemple honorably discharged; 1st Sergt. Geo. W. Steele, as 1st Lt. Co. K, vice Hollister promoted.

Second Cavalry—Major Newton De Forest as Lt. Colonel, vice Woods declined; Capt. Geo. W. King as Major, vice De Forest promoted; 1st Lt. Freeman A. Kimball as Capt. Co. M, vice Parker honorably discharged; 2d Lt. John Baxter as 1st Lt. Co. M. vice Kimball promoted; 1st Sergt. George M. Walter as 2d Lt. Co. M, vice Baxter promoted.

OFFICERS OF THE 36TH EXCHANGED.

C. Lathain Sholes, Esq., of Milwaukee, who is in town to-day, received a dispatch this morning informing him that his son, Lt. Sholes, of the 36th Wisconsin, who was taken prisoner at the battle of Ream's Station, has just been exchanged. We presume that all the officers of that regiment who have been held as prisoners by the enemy, were exchanged at the same time.—*Madison Journal.*

Artemus Ward on Boston.

Artemus thus writes to his "Dear Betsy" concerning his late visit to the "Modern Athens:"

The winder of my room commands a exileratin view of Copp's Hill, where Cotton Mather, the father of the Reformers and sich, lies berried. There is men even now who worship Cotton, and there is wimmen who wear him next their harts. But I don't weep for him. He's been dead too lengthy. I ain't going to be absurd, like old Mr. Skillins, in our naborhood, who is ninety-six years of age, who gets drunk every 'lection day, and weeps bitterly because he haint got no Parents. He's a nice Orphan, *he* is.

Bunker Hill is over yender in Charlestown. In 1775 a thrillin' dramy was acted out over there, in which the "Warren Combination" played star parts.

Old Mr. Fanuel is dead, but his Hall is still in full blast. This is the Cradle in which the Goddess of Liberty was rocked, my Dear. The Goddess hasn't been very well durin' the past few years, and the num'ris quack docters she called in didn't help her any; but the old gal's physicians now are men who understand their business, Major generally speakin', and I think the day is near when she'll be able to take her three meals a day, and sleep nights as comf'bly as in the old time.

The State House is filled with statesmen, but some of 'm wear queer hats. They buy'm I take it of hatters who carry on hat stores down stairs in Dock Square, and whose hats is either ten years ahead of the prevailing stile, or ten years behind it—just as a intellectooal person sees fit to think about. I had the pleasure of talking with sevril members of the legislatur. I told 'em the Eye of 1000 ages was onto we American people of to-day. They seemed deeply impressed by the remarks, and wanted to know if I had seen the Grate Orgin?

Harvard College. This celebrated institootion of learnin' is pleasantly situated in the Bar-room of Parker's in School street, and has poopils from all over the country.

I went over to Lexington yes'd'y. My Boosum bove with sollim emotiens. "& this," I said to a man who was drivin' a yoke of oxen, "this is where our revolutionary forefathers asserted their independence and spilt their Blud. Classic ground."

"Wall," the man said, "it's good for white beans and potatoes, but as regards raisin wheat, 't'ain't worth a——But hav' yon seen the Grate Orgin?"

I returned in the Hoss Cars, part way. A pooty girl in spectacles set near me, and was tellin' a young man how much he reminded her of a young man she used to know in Waltham. Pooty soon the young man got out, and smilin' in a seductiv' manner, I said to the girl in spectacles: "Don't I remind you of somebody you used to know?"

"Yes," she said, "you do remind me of one man, but he was sent to the penitentiary for stealin' a Bar'l of mackeril—he died there so I conclood you ain't *him*." I didn't pursoo the conversation. I only heard her silvery voice once more durin the remainder of the jerney. Turnin' to a respectable looking female of advanced summers, she asked her if she had seen the Grate Orgin.

We old chaps, my dear, are apt to forget that it is some time since we was infants and et lite food. Nothin' of further int'rist took place on the cars except a colored gentleman, a total stranger to me, asked if I'd lend him my diamond Breastpin to wear to a funeral in South Boston. I told him I wouldn't—not a *purpuss*.

I ment to have allooded to the Grate Orgin in this letter, but I havn't seen it. Mr. Revere, whose tavern I stop at, informs me that it can be distinctly heard through a smoaked glass in his nativ' town in New Hampshire, any clear day. But settin the Grate Orgin aside (and indeed I don't think I heard it mentioned all the time I was there,) Boston is one of the grandest, surefootedest, clearheadest, comfortablest cities on the globe.

MEXICAN MUSTANG LINIMENT.

The parties in St. Louis and Cincinnati, who have been Counterfeiting the Mustang Liniment under pretense of proprietorship, have been thoroughly estoped by the Courts. To guard against further imposition, I have procured from the United States Treasury, a private steel plate revenue stamp, which is placed over the top of each bottle. Each stamp bears the *fac simile* of my Signature, and without which the article is a Counterfeit, dangerous and worthless imitation. Examine every bottle. This Liniment has been in use and growing in favor for many years. There hardly exists a hamlet on the habitable Globe that does not contain evidence of its wonderful effects. It is the best emollient in the world. With its present improved ingredients, its effects upon man and beast are perfectly remarkable. Sores are healed, pains relieved, lives saved, valuable animals made useful, and untold ills assuaged. For cuts, bruises, sprains, rheumatism, swellings, bites, cuts, caked breasts, strained horses, &c., it is a Sovereign Remedy that should never be dispensed with. It should be in every family. HON. WM. E. WHEELER, Special Agent, Beloit.

This Company was organized in 1850 and is one of the most popular and successful Life Insurance Companies in the United States.

It was the aim of the Corporators to fill a want in the community by organizing an Institution which should embody the stability of a purely stock Company with the advantages of a Mutual system, declaring all profits to the insured.

DIVIDENDS GUARANTEED.

And paid to the assured annually, thus greatly reducing the amount of premiums.

The amount of Dividend returned to the assured each year, determines the rate of premium per annum.

A Bona Fide Security of $170 for every $100 of Liabilities.

ENDOWMENT PLAN.

This is a non-forfeiting plan, whereby the advantages of Life Insurance are combined with those of a savings' bank. By this mode a policy is made payable to the assured on his attaining a given age, or should he die previous to that age, to his representatives at his death—thus making provision for old age, and at the same time securing, beyond contingency, the full amount of insurance to one's family, in the event of early death.

This plan of Insurance is becoming deservedly popular, and has received the unqualified approval of our best business men and financiers.

NON-FORFEITURE PLAN.

Premiums all paid in ten annual payments, securing a proportionate amount of the whole sum in a paid up policy, should circumstances make it necessary to discontinue further payments of premium at any time

Policies issued in all the various forms, and to apply to all the diversified relations of life.

A large amount of former premiums now invested in first class bonds and mortgages in Wisconsin.

All future premiums received in Wisconsin will be re-loaned here.

Persons unacquainted with the Melodeon and its history, will bear in mind that we are the pioneers and leading manufacturers, not only in the United States, but in the world. We commenced the manufacture of Melodeons in the fall of the year 1847, and since that time have finished and sold

THIRTY THOUSAND!

These instruments are now in use nearly in the United States and Canada, also in Europe, Asia, Africa, South America, and the West Indies, and from all these quarters we have the most flattering testimonials of the high estimation in which they are held. At all Industrial Exhibitions, they have invariably been

AWARDED THE HIGHEST PREMIUM!

whenever exhibiting in competition with others. We shall take pleasure in forwarding by mail (at our own expense) our Illustrated Catalogue, in which every instrument we manufacture, is fully described and illustrated by elegant engravings.

☞ All Melodeons of our manufacture, either sold by us or dealers in any part of the United States or Canada, are warranted to be perfect in every respect, and should any repairs be necessary before the expiration of five years from the date of sale, we hold ourselves ready and willing to make the same free of charge, provided the injury is not caused by accident or design.

CAUTION.

We daily see advertisements of some new reed instrument, with strange name, purporting to be superior to Melodeons and School Organs. A new exterior and a new name will naturally attract attention; but the public will bear in mind, that *all Reed Instruments* now manufactured in the United States and Canada, are, *as near as they can be made without infringing our patents*, copies of our own.

☞ Agents for the sale of our Melodeons can be found in all the principal towns of the United States and Canadas. Address either

Wants, Sales, Rents, &c.

In response to an inquiry from Maj.-Gen John Pope, in regard to the whereabouts of Gen. Price's forces, the following answer was given, under date of Feb. 15, 1865: "the trans-Mississippi Army is encamped near Washington, Ark., two hundred miles southeast of Fort Smith. Fagan has about nine thousand cavalry, but they are poorly mounted. Magruder commands the infantry. The Missouri conscripts have been forcibly dismounted and drilled as infantry. Price's army suffered greatly on their retreat from Missouri, and the line of their retreat is marked by the debris of wagons and the bones of horses and mules. The officers seem to feel satisfied that they escaped with their lives, and another invasion of Missouri is not to be thought of at present. McLean, Gen. Price's Acting Adjutant-General was killed last week in a fight with Lieut. Col. Wood."

DOTY'S CLOTHES-WASHERS Are SIMPLE, DURABLE & CHEAP,

MAKE WASHING EASY, And SAVE CLOTHES.

These Washers were exhibited at the great New England Fair of 1864, won the admiration of thousands, and were awarded a splendid Diploma; also at the Wisconsin and Pennsylvania State Fairs of 1864, they were awarded the first premium.

To Wool Growers!

☞Wool fleeces may be washed in these Machines at the rate of *a fleece in two minutes*, without tearing them apart, and the wool brings the price of *tub-washed wool*, which is *five to eight cents per pound more* than washed on the sheep. This is very important to every wool grower.

They are recommended as the Very Best in Solon Robinson's great new work, "Facts for Farmers," by Orange Judd, proprietor of the *American Agriculturist* and by other prominent men,

☞It gives us great pleasure to be able to afford these great household blessings at the following comparatively trifling cost, which is a reduction of about 20 per cent. on former prices:

Small Size, at Janesville,	$ 9.50
Family " " "	10.50
Hotel " " "	13.50

☞The above prices include Faucet. Machines with plug instead of faucet, 50 cents less.

Full Directions for Using are Attached to Each Machine.

Any person purchasing a Washer of us may return the same and have the purchase money refunded, if, after four weeks fair trial according to directions, it fails to give satisfaction.

Many of our Washers are now in use in Janesville, and we subjoin the following testimonials:

From Rev. G. W. Lawrence:

Mr. Doty—I confess I have been quite skeptical in regard to the utility of washing machines, until we gave yours a trial. Having tested it thoroughly, we are fully prepard to say, unsolicited, that we regard it as a capital machine. The principle upon which it works is the true one—removing the dirt effectually without injuring the clothes in the slightest manner My wife endorses it heartily as a labor-saving machine, and considers it truly a "Paragon." With "Doty's Paragon Clothes Washer," and the "Universal Clothes Wringer," washing day is no longer dreaded as in days of yore. G. W. LAWRENCE. Janesville, Nov. 11th, 1864.

Messrs. Doty Bros.:

Gentlemen—I have had in use one of your Washing Machines since May last. We have tried other inventions, but they have invariably proved worthless, after a few weeks use. Yours is the only invention that has stood a satisfactory test in my family. It works admirably, and is a great labor saving machine; while in point of economy it has no equal. It has more than saved its cost already in the diminished wear of clothing, as compared with any other process of washing, with which I am familiar. No family can well afford to be without one. Yours truly. A. PALMER. Janesville, Dec. 16th, 1864.

Sewing Machines.

WILCOX & GIBBS'

SEWING MACHINE!

Will Stitch, Hem, Fell, Tuck, Cord, Bind, Braid, Quilt and Embroider beautifully. It will, with the finest needle and thread, run from perfect work on the finest Nainsook, over the heaviest beaver cloth and cowhide, with no change of needle, thread or tension.

Wilcox & Gibbs Sewing Machine

will use coarse *cotton, linen, silk* and *twine*. It runs easier, faster and stiller than any other machine. It forms a flat, even and elastic seam, differing from every other stitch, each loop being *twisted* by means of the

"ROTATING HOOK,"

and drawing the twist *into the goods*, thus securely fastening every stitch, so that the seam will bear to be cut at frequent intervals, and in that case even, the seam is warranted not to rip in wear, and under all circumstances to "*survive the washtub.*" Old worn out family garments, bosoms, pants, dresses, &c., have been submitted to Committees at Fairs where was the *greatest competition*, and to THIS STITCH premiums have been awarded for its SUPERIORITY, DURABILITY, ELASTICITY and BEAUTY.

A Patented Device *prevents the possibility of the machine being run in the wrong direction*, or the balance wheel ever wearing or touching the dress. By another ingenious Patent improvement,

The Needle Cannot be Set Wrong,

Thus avoiding the great trouble of other machines. In this it is so easy that a child may set it in the dark with unerring correctness every time.

NO BREAKING OF NEEDLES.

The blade of the needle is less than ¾ of an inch long, and is straight. It is less than half the length of other machine needles, many of which are curved, therefore more easily bent or broken—a great source of annoyance, expense and trouble. The Hemmer and Feller can never be set wrong. Any one may adjust them *in the dark*. The hem may be of any width. No other hemmer or feller is like this. It turns the hem on the right or upper side, as you want it.

IT WILL NOT DROP STITCHES;

As the needle is always set right, the blade short and straight does not vibrate, like longer ones.

Wilcox & Gibbs Sewing Machine

Is run by steam at 4000 stitches per minute—other machines only at 400 to 1200, with safety. They are manufactured with

MATHEMATICAL PRECISION,

Hence each part is interchangeable, and can be readily placed in case of accident.

THEY WILL NOT GET OUT OF ORDER

We have known it intimately for several years. Many thousands are already in use here, and so far as we know, not one in family use has ever cost a dime to repair, or ever been out of order at all. They will last a generation, if properly cared for. None who have used it can be persuaded to use any other.

Wilcox & Gibbs Sewing Machine

Works at an instant's notice, and never stops "unaccountably." Not one operator in ten on the Wilcox & Gibbs will break a needle or drop a stitch in a year. The Wilcox & Gibbs in the hands of any one, knows no "skips," "drops," "jumps" or "misses." The soundness, evenness, durability and beauty of its stitch

WERE NEVER EQUALED.

Its rapidity, absolute stillness, ease of motion, narrowness and neatness of its Hem and Fell were never approached by any other machine. We can call in any boy or girl from the street, and with three minutes instruction they will set the needle, attach the Hemmer, or Feller, and do the work with entire success. A blind girl, with the exception of threading the needle, can do the same. Many ladies owning other first-class machines, come to our office to do their fine hemming and telling on the Wilcox & Gibbs Machine.

The press universally pronounce this the best family sewing machine in the world.

Thousands upon thousands who have been the

DIABETES,

STONE IN THE BLADDER, CALCULUR, GRAVEL, BRICK DUST DEPOSIT, AND MUCOUS OR MILKY DISCHARGES AFTER URINATING,

IRRITATION OF THE NECK OF THE BLADDER, INFLAMMATION OF THE KIDNEYS, CATARRH OF THE BLADDER,

STRANGURY AND BURNING, OR PAINFUL URINATING.

For these diseases it is truly a sovereign remedy, and too much cannot be said in its praise. A single dose has been known to relieve the most urgent symptoms.

Are you troubled with that distressing pain in the small of the back and through the hips? A teaspoonful a day of the Constitution Water will relieve you like magic.

PHYSICIANS

Have long since given up the use of buchu, cubebs and juniper in the treatment of these diseases, and only use them for the want of a better remedy.

CONSTITUTION WATER

has proved itself equal to the task that has devolved upon it.

DIURETICS

irritate and drench the kidneys, and by constant use soon lead to chronic degeneration and confirmed disease;

We present the Constitution Water to the public with the conviction that it has no equal in relieving the class of diseases for which it has been found so eminently successful for curing; and we trust that we shall be rewarded for our efforts in placing so valuable a remedy in a form to meet the requirements of patient and physician.

IN DYSMENORRHŒA, OR PAINFUL MENSTRUATION, AND MENORRHAGIA, OR PROFUSE FLOWING,

Both diseases arising from a faulty secretion of the menstrual fluid—in one case being too little and accompanied by severe pain, and the other a too profuse secretion, which will be speedily cured by the Constitution Water.

That disease known as FALLING OF THE WOMB, which is the result of a relaxation of the ligaments of that organ, and is known by a sense of heaviness and dragging pains in the back and sides, and at times accompanied by sharp, lancinating or shooting pains through the parts, will, in all cases, be removed by the medicine.

There is another class of symptoms arising from IRRITATION OF THE WOMB, which physicians call Nervousness, which word covers up much ignorance, and in nine cases out of ten the doctor does not really know whether these symptoms are the disease, or the disease the symptoms. We can only enumerate them here. I speak more particularly of Cold Feet, Palpitation of the Heart, Impaired Memory, Wakefulness, Flushes of Heat, Languor, Lassitude, and Dimness of Vision.

SUPPRESSED MENSTRUATION,

Which in the unmarried female is a constant recurring disease, and through neglect the seeds of more grave and dangerous maladies are the result; and as month after month passes without an effort being made to assist nature, the suppression becomes chronic, the patient gradually loses her appetite, the bowels are constipated, night sweats come on, and *consumption* finally ends her career.

THE GREAT SHOW at Lappin's Hall is still in vigorous operation. The usual number of gifts are to be dispensed this evening.

REV. MR. HODGE'S Sermon next Sabbath morning will be addressed to the members of the Sabbath School. The children will meet at the Church at 6½ o'clock Saturday evening to prepare music for the occasion.

AT HIS POST AGAIN.—By a private letter from Mr. E. H. Benham, received by a gentleman in town, we learn that he arrived safely at his regiment in front of Petersburg. Having carried many little articles from friends here, he was doubtless most warmly welcomed.

WELL DESERVED PROMOTION.—We observe that our fellow-townsman, Gen. Thomas H. Ruger, has been promoted to a Major General. He has been in the service since the organization of the 3d Wisconsin regiment, going out as the Lt. Colonel of that organization. In a number of the hard campaigns of the war, he has conducted himself with distinguished ability. His promotion is well earned and justly bestowed.

HARPER FOR MARCH.—Harper's Monthly for March contains the concluding paper of Ross Browne's *Journeys in Arizona*; a continuation of Mr. Abbott's series of the "Heroic Deeds of Heroic Men," devoted to an account of the siege and capture of Port Hudson; and Sugar Making, in Cuba, all of which are copiously illustrated. Of Dickens' and Collins' new novels we have additional installments, several excellent stories, poems and essays filling, with the editorial matter, the remaining pages. Leavitt & Dearborn have it for sale.

Child Drowned.

EMERALD GROVE, ROCK CO., WIS.,
February, 23d, 1864.

Messrs. Editors:—This evening about 6 o'clock, Mr. Wm. Millington's daughter about five years old, fell into a cistern at his house and was drowned. The cistern had a trap door, and the mother missing the child and not being able to find her, looked around the house and yard, but to no purpose until she finally thought of the cistern and raised a cry for help. The citizens came and found the child in the cistern dead. She was supposed to have been in about half an hour.

Yours, respectfully, J. E. SCOTT.

COMMON COUNCIL.—At a regular meeting of the Council last evening His Honor the Mayor presided, all the Aldermen being present.

After the reading of the minutes of the last meeting, a number of accounts were presented and referred to the finance committee.

Alderman Graham having called the attention of the Council to a bill now pending before the Legislature for the re-assessment of lots for delinquent street taxes, Alderman Bates introduced a motion to the effect that Hon. J. B. Cassoday be requested to use his influence to procure an amendment to the bill so as to make it conform to the interests of the citizens of Janesville, and it was further ordered that the Judiciary committee prepare such amendments to said bill as in their judgment will protect the city and persons interested.

On motion Alderman Graham was added to the committee for the purpose of amending the bill mentioned in the above order.

Alderman Jackson moved that when the Council adjourned it be to one week from Thursday night.

The finance committee reported in favor of allowing sundry accounts.

The clerk was instructed to refuse a tax deed on certificate No. 200, sale of Jan. 20, 1862, applied for by Mr. C. S. Roe, on that portion redeemed by Mr. I. M. Smith.

The city attorney was directed to report a bill at the next meeting of the Council, amending the act for raising money to pay volunteers in such a manner as to give the city entire jurisdiction in the matter; also amending the act passed last winter, in such a manner as to enable the collection of taxes on street contracts.

ANOTHER FEMALE MOB AT THE SOUTH.—The *Southern Confederacy*, now published at Macon, has the following: "Cabbages $15 per head; cucumbers $10 each; a bunch of six small fish $20. General Beauregard has been in the city several days. It is rumored this morning that the Yankees are in force at Corinth. A disgraceful affair is now going on uptown. A mob of women with the black flag are marching from store to store on a pillaging expedition. The Pelham Cadets are ordered out to disperse them."

A child born recently in San Francisco had no opening for its eyes. Cuts were made, and a pair of bright ones were found underneath.

The entire population of all the States and Territories on the Pacific, belonging to Uncle Sam, is 675,000.

Edwin Forrest, the actor, has an income of $22,664, and Edwin Booth has $1,400.

A DELICATE OPERATION.—We learn that Dr. Hale, the Janesville physician for diseases of the head, throat and lungs, removed several polypi from the nostril of Mrs. E. A. Spencer, wife of the Assistant Secretary of State, in a manner which showed him to be a most skillful physician. The operation afforded complete relief.—*Madison Journal.*

ON ALL sides we hear the merits of the Grover & Bakers Sewing-Machine extolled. The ladies declare it the "very best," and prove it to us in so many undeniable facts that we are bound to confess our conviction of the truth of the declaration. What other machine will embroider so beautifully, braid so elegantly, hem so faultlessly, quilt so evenly, stitch so accurately, gather so regularly, operate so easily? None, we conscientiously affirm.

The balance purchased at the great closing out Importers' Sale at Auction, and bought by us at a reduction of from 25 to 50 per cent. less than Septembers prices. We have also

50 Bales Domestic Goods!

all grades, at an equal reduction.

It is usual with us since our commencement in business to close out goods in their own season and not carry stock from one season to another as is done by old fogy merchants, and therefore are determined that the above amount of goods must be sold within the stated time.

Among our late purchases are the following.

5,000 pairs Misses' and Childrens' Boots and Shoes, at equally low prices.
Together with 1,000 other articles too numerous to mention.

In conclusion we would say to the people of Rock and adjoining Counties, that this is a rare opportunity to purchase goods at prices far below that of New York City of this date. We bought our entire stock at Auction, and from Importers and Manufacturers, at from

10 TO 25 PER CENT. LESS

Than any goods sold by them this season—all for net cash, and will be sold without regard to price, in order to close out preparatory to the opening of the Spring Trade.

This Drill has a large sale, and has proven itself to be the best in the United States. The Grass Seed is sown broadcast behind the hoes. The drill is a perfect success everywhere, and we have the testimony of a large number of persons that it works well where all others entirely fail. The Buckeye Drill is no experiment, but has been in successful use for twelve years past, and improvements have been made upon it constantly during that time.

GOTTSCHALK ON KNABE.

[Translated from the French.]

After having played on the Piano of Messrs. Knabe & Co., it is impossible not to bear testimony to their qualities, which have acquired for them the eminent reputation which they enjoy. The Pianos of their manufacture, on which I have played, are exceedingly remarkable for their qualities. The bass is powerful without harshness, and the upper notes sweet, clear and harmoniously mellow, (chrystaline,) and I do not hesitate to express in regard to these instruments my entire satisfaction, and to declare that they are equal *if not superior* to the best manufactured in Europe or this country by the most celebrated makers.

They are treating Catarrh on a new system which is a

SURE CURE FOR THIS DISEASE!

Experience has proved that Catarrh *cannot* be cured by *local* treatment *alone*; hence, the many advertised cures for Catarrh, all of which are local remedies, give relief *only* while the patient is using them, but *never cure.*

Understanding the disease as we do, we know it *cannot* be cured by LOCAL treatment *alone*, therefore, we also prescribe a *constitutional* remedy to be taken, and by the combined *local* and *constitutional* treatment, we are enabled to remove the *causes* of *Catarrh*, and thereby effect

A PERMANENT CURE.

THEIR CONSULTATIONS for years have averaged from five to seven thousand a year, which gives them an experience unsurpassed by any, and equalled only by a few.

Remember they do not promise to cure all stages of Disease. While all diseases are curable, if taken in season, all stages are not. Your case may be curable this week, not next—to-day, not to-morrow; hence the danger of delay.

No case will be received, when there are any doubts of Cure or Relief.
